The Holocaust As A Mechanism For Suppressing The Truth

By

Louis Beam

Because of the incessant talk about a holocaust, that for the most part did not occur, the truth about a holocaust that did occur has been successfully suppressed since the end of World War II. Now suddenly, with the assumption of a new, democratically elected government in Austria, the horrible truth of the aftermath of World War II has finally broken into the front pages of newspapers throughout the world, with the call by the Austrian Freedom Party for compensation to those ethnic Germans who were expelled and murdered by Czechoslovakia at the end of WW II. For the very first time since 1945, a period encompassing the entire lives of most of those reading these words, the murder, expulsion, enslavement, and destruction of millions of ethnic Germans after the war ended is coming to light— with a vengeance.¹

This bloodthirsty and ruthless extermination of ethnic Germans is surpassed in magnitude and horror only by crimes of mass murder in the Soviet Union committed by Joseph Stalin against the people of the USSR. It was there, in the horrible gulags of Stalin and in the towns and villages of the Kulaks, that the single, largest mass murders of the twentieth century occurred. Not in Nazi Germany under Hitler, as so many of us have been falsely led to believe, but rather, under communism in the Soviet Union did blood flow so freely that it came to count for naught. Under the rulership of idealistic socialists, some 30 million human beings were put to death by Communist, homicidal butchers. Lest one think only communists and socialists are capable of such horrendous crimes against other human beings, let it be stated here, now, and forever, that the next greatest massacre of helpless humans occurred during that same period by the so called "democracies" of the United States, England, and France.

Indeed, it is now, and only now, that we find out that this second largest mass extermination of human beings in the 20th century did occur in what was formally the greater German Reich. But, the victims were not Jewish concentration camp inmates, and there were not six million murdered during a war, but rather the victims were 9.3 million German civilians and prisoners of war murdered by the Allies after Hitler was dead and after "peace" was declared² Such absolute shame and utter disgrace as this heaps upon the heads of the governments of the United States, England, and France-and were it still in existence-the Soviet Union, can scarcely be comprehended. This real holocaust cannot be denied. For, unlike the holocaust we all grew up hearing about, the numbers are not inflated. There were no soap bars made, nor lamp shades produced, only murder, more murder, and then the cover up of the twentieth century ensued.

Suppressing the knowledge of this post war genocide of over nine million defenceless, helpless, and prostrate people for so long was no easy task. Those in government and the news media who did so knew that only by creating a lie so horrible that it would shake the very souls of decent men everywhere could the real terror story of mass murder and genocide by the Allies after the war be cleverly covered up. Thus, in the hearts of evil men, with blood dripping from their hands, were born the stories of Jews being made into soap and lamp shades, gas chambers disguised as showers for millions³ and the black smoke of furnaces reaching toward the heavens from crematoria. In sum, a holocaust of lies was born ...the one we all "know" about, but not one that actually occurred.

It needs to be pointed out that it is true that innocent Jews died by the thousands at the hands of Nazis, just as other innocent people died by the thousands at the hands of the Allies at Dresden, Hiroshima, and elsewhere – DURING THE WAR. However, the massive lies with intent to cover up crimes against humanity committed by the Allies begins with the fabrication of the magnitude of Jewish deaths as well as the method of death. The number of Jews killed during the war were inflated not by thousands, but by millions. The fiendish descriptions of German soap factories, lamp shades, and "death camps" during the war were for the purpose of covering up the real holocaust going on after the war ended,

creating such enmity and hatred toward the German people that their murder by the millions would go unnoticed, unreported, and unlamented by the world.⁴ And thus it has been till this day. The lampshades, the soap, the gas chambers were all to cover up the real holocaust: After the unconditional surrender of Germany, 9.3 million people were killed by the victors ...deliberately.⁵ Dwight D. Eisenhower ran prisoner of war camps where well over one million German men who had laid down their arms were starved to death.⁶ Then to crown this horrific crime by the allies, another 15 million Germans were expelled from their homes in East Prussia, Pomerania, Sudetenland, Silesia, and elsewhere. The most massive ethnic cleansing of the century— led by the United States.

The deaths of millions in the years after the German surrender can no longer be covered up, nor hidden by distractions. This must be called by what it is: The Real Holocaust.

With the election of the Freedom Party in Austria the truth will become a topic for discussion for the first time in fifty-five years. And this is what terrifies the Western governments of the world. This is the reason for the frenetic opposition to the new government of Austria. The morality, the veracity, the very legitimacy of all those who helped promote the post war lies are now being brought into question. The assumption of power in Austria of those not committed to lies, cover-up, corruption, and historical falsehoods will shake the very foundations of post World War II history, as well as the view of the modern, democratic states toward themselves. The time for truth has finally arrived and let no honest man fear its words.

Let those harbouring hatred or ignorance not rejoice or dismiss the deaths of any helpless and innocent people. For all of history shows that human cruelty toward one's fellow man is a sharp, two edge sword that will cut both ways. Today it may be one's enemies who are unmercifully persecuted or murdered, but tomorrow it may be your own loved ones. The genocide of human beings is the product of sick minds.⁷ Healthy men must meet this act head on with absolute repulsion and join together in exposing those guilty of such crimes. It must be remembered that only by

insuring the safety of all men do we insure our own. Finally, those of us living in the United States, England, and France must come to terms with and recognize that those in government and media whose ghoulish acts of fabrication and malicious lying hid the truth about the real holocaust for fifty years in order to cover crimes too horrible to reveal are the promoters of "humanitarian" wars today, and have no moral authority over decent men. Their cries for troops mean broken hearts, their guns mean death, and their bombs for "peace and stability" mean destruction of innocent lives, so they must be soundly rejected and their perfidious lying laced with self-righteous hypocrisy shunned.

The election in Austria signals the end for lies of the "holocaust." Conversely, it signals the beginning of truth and knowledge about the real holocaust of 9.3 million women, children, and men of German decent. There must be no more holocaust denial. Only by forthrightly facing this tremendous crime committed by the so called "democratic" nations and their communist allies against the defeated German survivors of World War II can we even begin to compensate for the lives destroyed as well as to insure such an event never happens again. Let us now begin discussion about The Holocaust— and by doing so, build a better future for all of us.

A new and unforeseen weapon came into play at Hamburg--the firestorm. Martin Middlebrook describes one in The Battle of Hamburg. A thermal column of wind generated heat in excess of 1,400 degrees Fahrenheit, melting trolley windows and the asphalt in streets, the wind uprooting trees. When people crossed a street, their feet stuck in the melted asphalt; they tried to extricate themselves with their hands, only to find them stuck as well. They remained on all fours screaming. Small children lay like "fried eels" on the pavement. The firestorm sucked all the oxygen out of the city; a 15 year-old girl said that the brains of people in shelters "tumbled from their burst temples and their insides [extruded] from the soft parts under the ribs."
