National Restoration

By

Dr. Wesley A. Swift

5th February 1965.

After we take a look at what is being reported to us today that we see we need a restoring. Thus we turn over into the book of Joel, and God says this about His nation: Fear not O land of mine, be glad and rejoice for **YAHWEH** will do great things. We surely need some great things done, and there is no question about that. We are surely inviting ourselves to be looted, at every turn. Be glad then, ye children of Zion, and rejoice in **YAHWEH** thy **YAHSHUA** for He hath given you the former rain moderately. But the **MOST HIGH** is not only going to bring you a former rain, but a latter rain as well, and it will be sufficient to bring forth the crop.

Now: of course God talks in symbolism, and he speaks in the book of Isaiah and says he will pour out his spirit upon his people like rain upon a dry ground. He talks about strange invaders, in the book of Joel, about armies of strangers who have come into the countries of the lands of Israel, and the United States of America, one of the strong nations of God's Kingdom has seen this army of strangers come in. And God likens these strangers to insects, but says that he will pour out his spirit upon the people of his land. That he is going to pour his spirit out upon all of his people, and his old men and his young sons and daughters, and they are going to see visions, and they are going to understand that something is wrong, for an invasion has taken place, strangers have come into the land. God calls these strangers insects. God likens his nation to a tree, a great fruit tree about to bear fruit, and then the insects came in. So God said: for National Restoration I am going to drive off this army of strangers who act like insects, and remove them from your land. Then God speaks out and says: I am going to restore unto you, all that you lost as this invasion transpired. First came the locust on to your national tree, and the Locust came as only tiny buds were coming out on your National tree. God spoke out in a most unique manner and he said: a second crop of buds will come on the tree but the locust took off the first crop of buds, setting back the growth of the tree. Then God said: after that came the

caterpillars, and as the second buds and leaves came out, the caterpillars ate every thing green on the tree.

I can tell you that you have had an army of strangers come into your land, and they have invaded your church and your government. And at first they said: it really doesn't make any difference who you call on, so they took the name of God away from you and said: just call on someone for you are a person, and just so you worship, and demand something.

Thus they moved in onto the buds of the National (race) tree. But **YAHWEH** had spoken of the budding of Israel, and how Israel was to make known HIS name before the nations of the world. God had told Israel. "There is no God before me". "I am YAHWEH, there is none other." But the new church under the influence of the insects was accepting the theory that you could accept all religions for they were all good, and all had the same results. This my friends is not true. But you see, the caterpillars had started devouring all the green leaves, which are the symbol of photo-synthesis of life which comes from light. It is the symbol of the **WORD** of God, it is the symbol of his prophecies which they were removing. You were a nation which used to believe the word of God, a nation built around the **WORD** of God. Your schools read the Word of God and prayed unto the **MOST HIGH GOD**. But as the insects came in, and the caterpillars crawled into the pulpits, there they would say: we don't believe in the inspiration of the scriptures any more, we are more interested in humanism. We don't believe in the declarations of the **WORD** of God, and we are going to take it out of the land of Israel. And thus they denuded the photo synthesis of the tree, for life came from light. "The **WORD** became flesh, and dwelt among us," but it was the light of the world and light of every man who cometh into the world. And as the caterpillars denuded the tree they left the National tree without any guidance for life, and the National tree was thus in bad shape.

But the second set of buds did come out like they do after a bad winter or when something attacks a tree. And now we discover a new area of invasion comes out of these strangers who came into the land. As they come they are like Cankerworms, and they attack all the fruit on the tree. All of the blessings, all of the crops, all of the liberty and freedom, you

have produced on your tree. Jesus said: "I am the root and ye are the branches. But if you are going to bear any fruit you must abide in me." But the Cankerworm bores into the heart of the fruit, when it is small, and it starts eating the seeds and turns the fruit a muddy brown. So God says: these cankerworms have denuded you National tree until you are an impoverished people, because these worms are destroying the fruit of the Kingdom of God.

Then God goes a little further in this discussion, and describes still another insect. This is the Palmer worm and this worm goes right into the heart of the tree, and tries to tap the sap line. This sap line is like unto the spirit of God coming up the tree, and this Palmer worm wants to cut it off, for he is an agnostic, and atheist. This is the operation of communism, and socialism, rolled into one. It is organized Jewry which has a lot of religions, but none of God.

Thus you have the locust, the caterpillar, the cankerworm and the palmer worm, all working on your national tree until there is nothing left. There isn't enough fruit on it to sustain life. But this is God's great Israel nation and he says: I am going to restore unto you everything that the palmer worm was able to take out of the trunk of the tree. I am going to restore to you all that the cankerworm was able to take from you out of the fruit of the Tree. I will restore the photo-synthesis, the light of life taken from you. I will wipe out the caterpillars and then we will go after the locust. We will drive any remaining of these insects out of the land, and far from you. In fact what God is telling you is to get out your flit guns, for if you are going to save America, if you are going to control your nation, then you are going to have to stand and say, they are not going to control your nation. You are going to have to start ridding your nation of these rascals at the top, who come in and say: this nation is for every one on the face of the world, and we are going to make it an integrated, mongrelized nation.

But God says: no, you are to return the Bible to the schools and prayer to the schools, and to your national life, and your people. Because it is the WORD of God, the light of life of God, and you are to have the controlling influence over your nation. If you don't do this you don't have any

tree left. All you have is a part of a tree now, thus while you have anything left then God says he will pour out his spirit upon his people, and they will start speaking out, and say:...away with this, for it is not the program of God's Kingdom, and we are not going to have it under any circumstance.

You say: oh, but we separate Church and State, but there is nothing concerning the separation of Church and State in your Bible, and it cannot be separated in your nation. The Church is one Church even though there are many denominations. And it is Christian, and you are a Christian nation, for even the Supreme court couldn't separate Christianity from your nation.

So the worms have been boring into your national tree to destroy it, to take away all the patterns and values of your philosophy, to take away all the standards which made you a great nation, a separate nation. All the nations of the Adamic race could be amalgamated here, but you can't mix up anything which God separated you from, which is nations and races of the world, which are not of your decent and not of your God. Therefore God says: we are going to drive this people from off your land. And you are told that in, that day, all who call upon the name of YAHWEH are going to be delivered with a great deliverance.

He says:...my new world order is going to be delivered as I have said. All are going to be delivered who remain, and they are going to rise up and bring down the enemy. The restoration of a nation, and the restoration of a people is one of the Major projects of the MOST HIGH GOD. He says: my people shall rise and shine, and the Glory of God shall come upon them. And I with my spirit am going to enlighten my people, and they are going to shine forth with the Glory they had before the fall of the Adamic race. And he talks about how his people would rule with him in His Kingdom.

In the book of Revelations he said all of my people will sit in the seat of authority and rule with him, in the earth. Someone said: but that won't appeal to the enemy of Christ. Well, I don't care what the enemy thinks

about the gospel of the kingdom. I am just interested in waking up the children of the Kingdom with, The Gospel of the Kingdom.

Now: we see these situations, and we hear God say: Therefore I will pour out my spirit upon my sons and my daughters and they will be so disturbed that they, seeing and hearing all these things, will start acting, and when they act, the Kingdom of God will come to life in a day. Thus we see that he said he would deliver his people.

As we turn to the book of Revelation it says: and I beheld a tree, and I saw a stream of the water of life, of the Household of God, the race of God, coming down thru the ages, growing and increasing. And the tree is in the midst of this stream, and the stream of life makes this tree grow. The leaves of the Tree are for the healing of the nations, and thus the tree has fruit, but now there are no worms or insects on this tree, for God has restored the pattern of life to His Kingdom, and out of this the nations of the earth will be governed, and thus the leaves are truly for the healing of the nations. As we look on this picture of our nation, and the nations of God's Israel, we see that all that you have lost, everything taken from you is now to be restored unto you. All the problems of America have been resolved when everything they have lost to the invasion of insects has been restored.

You hear people say, lets go back to the good ole days. They mean lets go back to the days before the insects came in and denuded the National Tree. For our nation has had an invasion of insects, and they bred just as fast as insects on a tree, as the Roosevelt Administration came into power. At this point some people say: we don't want to get into politics, but, my friends, you are getting devils into control of your land, and they become as insects as they move on to your heritage and National Tree. But today as we look back to Roosevelt's day, you might say he was a conservative compared to Johnson. For in this day they have been boring at the very root of the tree.

But God says: away with it, and we better make it a clean sweep. God says I am going to restore my people Israel. Restore them as a nation, and

the nations of the whole world are going to look at them and say:
"Behold! God is in thee."
