When Flesh Puts On Light

By

Dr. Wesley A. Swift

24th September 1961

We are speaking this afternoon on this subject, 'When Flesh Puts on Light', and we recognize that never was there anything more significant for us to understand at this time than to know the Power of Light, and the Glory of Truth. How often we have heard the words: 'The Glory of the Lord shown round about.' 'The Light of the countenance of the Most High,' 'The Glory of the Lord', 'And the Glory of the LORD shown round about' 'And the Light of the Most High.' There is something most significant for us to understand considering, and concerning Celestial beings, that is, that the plane of God's Spirit exists in the synthesis of Light. And the particles of Light are the substance out of which Celestial planes are made. And the Light exists in the wave lengths beyond the capacity of the natural eye to behold. That the spectrum of light goes beyond the video plane and the Celestial planes can surround the physical planes as well as the whole vastness of God's Universe, thus having within it the dimensions of Spirit.

When we talk about the Celestial planes and Spiritual realms, we are talking about realms which exist in planes of Spirit, of light, and of Glory. When we talk about the great realms of consciousness we are talking about a soul conscious realm, a realm of dimension in which the planes of thought and understanding, and meditation dwell as such, resident wherever it may be, and able to be resident in a physical body. As we look upon this physical world we are well aware that it is tangible, and we are adapted to living in it. And we remember only those things which have transpired since we have arrived, except for the light and illumination which moves out of the plane of spirit into the seat of our consciousness. It is for this reason therefore that we are most interested in the synthesis of these two planes, with soul, Spirit and body, being brought together in a common harmony. It is this which we have referred to as: 'Thy eye being single, thy body be full of light.' What do we mean by that? We mean that the concept of our soul and the pattern or our seeing, as we

evaluate it in our minds, and the spiritual vision of the things which are in the Mind of God shall be so synchronized that our eye is single, and there is complete affinity with the things we understand, and the things we know.

There is nothing more important for us to maintain in the seat of our consciousness than the fact that we are the children of the Eternal. That we are offspring of the Most High God, that we began our existence in dimensions of Spirit, begotten by His Spirit, in dimensions of Light. Because of this therefore we are the children of His Spirit, and the children of the ETERNAL. It is only the Grace of God which has caused the transference of the children of the Most High, from heaven to earth. It is only the Grace of God which has placed you as a race, in the physical earth. Because of this you have found yourself in a new dimension, for you, as far as experience for you is concerned. In fact we have mentioned this before, that as we came into the world we may have had more remembrance than we realize. The babe may be much wiser than you think, but as he adapts himself to his environment, and to his needs, and as he tries to communicate with you, and to learn the language and begins to speak, and becomes conscious of his environment, then a forgetfulness has closed off the background of the things he might have told you. And he is becoming adapted to the earth. But that does not change the fact that the life within him, the spirit that dwells within him is the spirit of the Eternal, if he is of your race, and of this household. And it is because of God's Grace to the people of His creation, those of the 6th day creation that is referred to in Genesis, that God sent His Celestial children into a physical world to accomplish His purpose. If you were going to transfer heaven to earth as you pray: 'Thy Kingdom come thy will be done, in earth as it is in heaven', then the logical process would be to transfer people from heaven to earth, to help build such a system, and that is exactly what God did. If you had been transferred to earth totally as Celestial beings, totally invisible and intangible, you would have surrounded a physical world, but they would never have known that influence came. For this earth is a part of this Solar system which long since lost its concept of its proper relationship with the Most High God.

The effects of what had transpired in the Antediluvian history of the Luciferian rebellion, and the catastrophe as he had inter-mingled and mongrelised the peoples of earth as he reduced them to the darkness and to the worship of evil concepts, had lost for them the connection of earth. Now: there isn't any doubt that in the Omniscience which belongs to the Most High God that He knew before it came to pass, as to what God would do. He knew before these things came to pass what Lucifer would do. He knew before they came to pass that out of all the suns and solar systems which were under Lucifer's control in this area of the Milky Way, and down here in this solar system of which we are a part, HE knew that these things would happen, and they would develop. And knowing this, knowing what would happen, knowing what would develop, the Most High knew that it would be worthwhile for the Universe, as then they would know the difference between right and wrong, between righteousness and evil, and that they would so appreciate righteousness that they would be thankful for it. And under its understanding they would be guided to higher heights. The Most High is not in any way experimenting with the Universe, He did not anticipate in any way that He would lose anything. Or that even the Arch Angel who rebelled would get beyond the capacity of His Grace. I want you to know this afternoon that there is nothing in the Universe that is not held together with the knowledge particles that proceeded forth from the energy of His own being.

Because of all that you and I find ourselves on the time track of earth measuring the day of our years by our travelling in our ecliptic around the sun, measuring the course of time by your time. But we are here as a people only because we were sent into this earth, not only for the lesson that the earth had to give, but that we might restore this part of God's creation to its proper balance. All the Universe looked on at this spectacle of the great rebellion and the catastrophe which resulted, and Our Fathers decision to send His Family into this situation. In the Book of Ephesians, and in other writings the Apostle Paul tells us that not only the Angels look aghast, but that the people of other portions of the Universe have beheld this spectacle taking place on this earth and they stand in amazement that anything like this could transpire anywhere in God's Universe. But with it also has come to them a comprehension as to the distinction

between righteousness, and unrighteousness, between good and evil. Never would it have been possible for the Universe to have appreciated the GRACE, the GLORY of THE MOST HIGH, never would it have been possible for them to have appreciated the rightness and goodness, and as to why it is of tremendous value to understand, and to know the blessings of righteousness. Before they took these things for granted as they never knew anything else. They had never witnessed the Grace of God in its operation, until they beheld how God would treat with this course of the Universe. Looking down upon a world torn with catastrophe and struggles for thousands of years before your race arrived, you, were children of spirit with the Father, and you were of those who volunteered that you would come into this earth to carry out these activities as sons and daughters of God.

You were clothed in Light, whose body had form, and who had never experienced anything but that which was akin to His Own Great Creative Nature, and His positive force in Light and in Love, and in Glory. And as you also beheld the earth, you thought it would be a short and easy thing to put in order. This is one of the reasons that the Apostle Paul said that you were already Blessed with all Spiritual Blessings in Heavenly places with the Father, before the world was framed. Looking down upon this earth, and the catastrophe that came upon it, then it was hard for you to understand why people were acting as they did under the rebellion of Lucifer. You were clothed in Light and were like unto your Father, and this we have Biblical knowledge of. For as the body of the man Christ Jesus was the image of the invisible God, as we are told in Colossians, so also your Celestial being and your physical body, are counterpart. Your Celestial body dwells in planes of Spirit, and exists in the spiritual substance of Light and energy in which the Celestial plane is for. You not only possess this, but the Apostle Paul understood much about that. He not only discussed this, but in the 5th., chapter of the Book of Corinthians, he says: 'Now we know we have an earthly house (a physical body) and it is essential we have it our we could not dwell here, among people, and carry out the program we have been taught to pray for, and which has been the great driving force from the beginning.' 'Thy kingdom come, thy will be done, in earth as it is in heaven.' With this same significance, then you read the words of Job as he talks about how he arrived. He said God

had poured him out and put him here in a physical body. He had clothed him with skin and with flesh, 'Thou hath fenced me in with bone and sinews.' (Job 10:10-11) Yes, HE who sent you down here, out of the heavens, has put you down here and has clothed you with flesh and skin, fenced you in and put you here on earth, what for? Since you are His offspring He put you here to build His kingdom. And in order to do this He went all the way in the establishment of it. As you turn into the Book of Genesis you discover that the 6th day creation of man was made in the general image and the shape and the form of the Celestial beings, and they dwelt in the earth, but still they were not Adamites.

For in the next reference to God's pattern of creation, the 7th day, it says that The Eternal Yahweh (God) looked upon the earth, and there was no Adamite to till the soil. So God begat Audaum in His own image. And thus the offspring of God were sent into the earth, and the house (physical body) was to fence in the children of the Most High, this fence was FLESH. But there was something else that surrounded this picture, and this was the soul consciousness of these sons and daughters which were resident in these physical bodies. And here they were although resident in these physical bodies, but still enveloped in something which belonged to the Celestial house. If you go back into the old records, and writings of Adam and Eve, and the Ancient Zohar, and the knowledge of Ancient Israel you find they were surrounded with Light and Glory. That this effulgent Light and Glory was so bright that it shown around about them wherever they went. It was so bright in its Light and Glory that the forces of darkness did not like it. the Witch doctors and the false Priesthood didn't like this Light and Glory which emanated from Adam and Eve when they were first placed here in earth, and they appealed unto Lucifer to blot out this Glory, lest it change the world. And that in the background for that attempt to destroy that Glory then came the violation of Divine Law, which effected the first Adamic family, and your forefather and mother fell. And the violation of this attempt to destroy your race by mongrelisation lost for them the aura and lost the Glory as the Light went off Adam and Eve. This they lost was an effulgence, that was radiation and it was a brightness which shown out everywhere they went. They did not know that as this Light went off of them that the immunization of all patterns of death was gone. And thus came death, and it passed upon all

Adamites, from that day unto this, and Adamites have not been resplendent in Glory. We have not radiated a Divine effulgence that glowed out of the countenance, and off of the presence of an individual.

A Glory and a Light which was not only a protection against all germs, and things which would destroy, but a light of Light which would re-synthesize every portion of the tissue of the mind. If there was an injury or anything like this, it would be re-balanced, reformed, regrouped, and the healing power of the Light of Life, the creative force out of the Spirit of God was no longer enveloping the children of God. Someone said: we have lost it, but we only lost the outer enveloping protection, the Shekinah Glory which was to shine forth. For we had not lost the Spirit of Light and Life which was within. For inside everyone of the children of God, inside of this physical body is the form of the child of the Eternal, the Spirit of Light and Life. Now: the soul was dwelling there aware that it was alive, but perhaps not aware as to all that related to its past, it would take the Spirit of God to bring back the quickening consciousness of this individual anything which had existed before, as well as the vision of things which must come in the hereafter, and because of this therefore, we must say that the children of God dwelling in physical bodies did not show forth something which was around them. But modern Photography and infrared photography and other experiments have discovered that they can photograph this Celestial aura. They can photograph a field of light of emanation which surrounds an individual. They have proved a lot of things to us, for instance, spirits do not grow you, there are not baby spirits. There isn't a single spirit in the Adamic race which wasn't a full grown Celestial son or daughter throughout the ages before. In fact it is proven in photography, when photographing a living child, will show that a spirit emanation as tall as an adult is in the background of that child, all through the time when he grows up. So the Celestial being is with that individual throughout the entire course of his existence. The soul itself is not what you are beholding, you are beholding the Eternal Spirit. You are beholding the Living Spirit which has moved out of the heavens. There is no question of the fact that this is a full grown house. And because of the phenomena of this, it has been recorded and it has been studied by many, and they say that apparently there is a much greater field of energy, much greater than the size of a babe. But these men are not dealing in

spiritual science as far as they know, all they are trying to discover is why all this emanation is as large as an adult. They may not know the answer today, but they are the children of heaven transferred from heaven to earth, and because of this as the child grows up, he grows up to his image, and his whole form has actually been determined by his Celestial being of which, his physical body is but a physical counterpart of his Celestial being.

Because you have this capacity then the Apostle Paul who had been introduced to the heavenlies, and was carried out into the mysteries of the planes of spirit, and there, was told and taught once more about the planes of spirit, and as he was ushered into the presence of the Most High, he tells it in, 'The Apocalypse of Paul', and then again refers to it again as he tells something about it in his individual Epistles. He had already written tremendous things about this journey into the heavens, and thus his Epistles were written and he draws on this earlier writing from time to time in his discussions and admonitions. The Apostle Paul had brought back to his consciousness, and to his memory the fact that he was of age, and that he was of Celestial stature, and that he had been called of God, for a purpose. That he had been sent into the earth, and that the world had sought to engulf him, and separate him from the consciousness of Sonship. But God took him right out of that situation and put him back on course in the responsible job for which he had been sent.

You may remember the History of the Apostle Paul, he was a brilliant student. He had sat at the feet of Gamaliel, he was well versed in languages and in philosophy, and knowledge. And he sought to do with great force and power the things he thought were essential for him to do. But even under the influence of Jewry and because of his not having the opportunity to have beheld The Christ, as the Jews dominated the church or synagogue of his area, and had railed constantly against The Christ, and had given him the wrong idea of Christ, in other words the world order had captured his thoughts. And his thinking was mixed, and they had dominated Saul's (Paul's) thinking until he was mixed up. But then we are introduced to the Apostle Paul, as Saul, as we saw the persecutor who rode with a Jewish army to persecute the Church, and we know the Destiny God had for this man. Then HE separated this individual from

this evil power, and put him back on his course. And God stops him on the way to Damascus, and a great Light shown in the heavens, and the Glory of God was visible there on that road. But the others beside Paul didn't see it, and they didn't hear the voice, they said it thundered. But Saul saw the Light and he heard the voice, and from that day onward then Saul went in the direction for the ministry which God had selected for him. You couldn't talk to Paul and say that there is no Pre-destination, that there wasn't sovereignty, or Destiny. That God can't stop you, and put you on the right course which He wants you to follow, because Saul had this as an experience, and as Paul he now understood this experience. And when Paul was taken into the heavenlies, the Father said: remember how I stopped you on the road, and how I have brought you unto this place, and now you must do this work I have ordained for you to do? And so again the thinking of Paul was clarified and he didn't know whether he was in the spirit or in the body as he was caught up into the 3rd and the 4th heavens.

This must be a factor in your thinking, that conscious existence in the dimension of spirit, or in the physical body, both are so alike as to the senses, one in Celestial planes and on in physical planes that the Apostle Paul could not tell the difference. This is the story of an endless life, the story of a race of people who will never die. Oh! you say, their bodies die, yes, the bodies may dissolve and break down under the attack of disease germs, warfare, catastrophic trouble, but for your race these children of spirit who's spirit has descended out of the heavens there is no ceasing of consciousness, and no death to the spirit. When you were begotten in the spirit you were begotten of incorruptible seed which lives and abides forever. You can't destroy that which is incorruptible, for it lives and abides forever. In the physical world you were begotten of the Eternal, and everything which would have come forth from HIM, when staying in proper balance would have possessed Immortality. But immortality ceased to be immortality when the individual violated Divine Law, and lost this enveloping aura, and Glory which surrounded it. And thus they became as mortals as the people round about. That is why in the 82nd Psalm you have these words: 'Ye are Elohim and all of you are the children of YAHWEH.' 'Why do you die like men (mortals)?' You are therefore, many Gods in the earth so why do you die like mortals? This

is not the pleasure of THE FATHER, for He says: I want you to rise, and I want you to stand, and I want you to do these things.

Now: in the instances of God's purpose He planned a great and Mighty restoration for your race, a restoration of Sonship, and for this purpose He came into this earth to re-empower His sons. To clothe them again with their Glory, to triumphantly climax the age you are living in with the greatest triumph in all the history of the world. Now: we turn from our thinking to the words of the Apostle Paul, and these words are translated in the Book of Corinthians, in a way which can be understood even tho the translation is not perfect. Paul said in II Corinthians 5., 'We know that if our earthly house, this tabernacle were dissolved, we have a building of God, a house not made of hands.' but the moment the Apostle Paul used the semantics of a building, then people think of carpenters and brick layers, and all these things. And most people have been building mansions over there for us. You have heard all your life about these mansions over there. They have been telling you how God is building mansions in the heavens for His children, and how there are re- cords stored up over there.

Now: there is no question, no doubt that throughout all the planes of spirit, throughout all the great creative areas of earth, that there are all kinds of things that have been built and founded. In fact Enoch told about the great and glorious Celestial Temple he saw, and all the things in it. But the Apostle Paul wants you to understand as he talks about mansions that he is not talking about houses and mansions being built for you somewhere, over there. He said: we have a house, this body, it is our earth house, and we live in it. Then being a little realistic he said: If it dies or dissolves we have something else to live in, we have a building to live in that is built by God. But don't go thinking of bricklayers, or Angelic hosts or otherwise. The house is like this one, for this one was synthesized in the physical world by birth, and this other house we have was synthesized in the Celestial realm, by birth also. The Apostle Paul is just telling us how it is, he says therefore we have a Celestial body not made by hands, and it is made in the heavenlies. It is translated here in the heavens, but it is, heavenlies. It is the plane of spirit, but it is not necessarily somewhere out there, but it is the plane of spirit and that is also right here. Someone

says: just because you can't see it doesn't mean it is not right here; That is right, because you can photograph it, so listen to what Paul says: 'For in this we groan (vibrate) earnestly desiring to be clothed upon with our house which is from heaven.' You say: why do we desire to be clothed with this house? We have it with us, and since it is from the plane of Spirit it is a Celestial body. In the hour that Adam and Eve were placed in the earth, them being the begotten offspring of the Most High, then the life of Adam and Eve, the enveloping Glory of the Celestial body radiated from them, and clothed them. And with them then they had this developing Glory and immunization. Now: the Apostle Paul knows that when mortal puts on immortality it is going to be clothed upon with Light. And for this we desire therefore, we groan, wanting to be clothed with our house from the heavenlies, or out of the spirit. And so being clothed we will not be found naked, or not found short of anything necessary for survival in any dimension or any plane at any time. Now: some people say, Paul just said he wanted to die and go into the heavens. But no, Paul didn't want to die, he makes it very clear that he knows what he wants. He said: 'Therefore we who are in this tabernacle do groan, being burdened, not that we want to be unclothed with this body, (we don't want to die), but that mortality might be swallowed up with Life.⁷ Now: if there is any one thing we are waiting for in this generation it is to see mortality swallowed up with Light. It is your inheritance and don't forget that.

There are no other people on the face of this earth who are equipped to swallow up mortality with Light, at this time. There are no other people on the face of this earth whose bodies are clothed in Light, at this time. There are no other people of whom Jesus said: 'Thine they were in the heavens, and mine they are in earth.' And He said: 'I have given them thy word, and they have received it.' The capacity of understanding and response is still sealed up with the fact that unless a man has, feeding, his soul consciousness, the wave length of spiritual perception out of the Celestial mind, or Celestial consciousness, he cannot take on nor understand the fullness of the things which God has said. How many times have we come upon, the illumination of the Light of knowledge. For instance over there in Ephesians we find the declaration of the Light of knowledge, and we find this also in Corinthians (II Cor. 4:6). For God who commanded the Light to shine out of the darkness, hath shined in

our hearts, to give the Light of knowledge of the Glory of God that was in the face of Jesus The Christ. 'We have this treasure in earthen vessels, that the excellency of the power may be of God, and not of us (flesh).' We the children of the Eternal, we have the same Light, the same treasure in these earthen vessels, that was the Glory resplendent, on the face of Jesus, when in that hour of experience, he took Peter, James, and John upon the mountain top, or the Mount of Transfiguration and was suddenly enveloped before them in Glory, in effulgent radiance, until it emanated from Him.

They felt the tremendous power and the aesthesis, of such Glory. And they saw Moses and Elias now also, in the same video field. For what God had stepped up and made visible to them, enabled them to now see Moses and Elias talking, and visible to them. They were so filled with ecstasy and purpose that they wanted to stay there. They didn't want to come down from the mountain, they just wanted to build three tabernacles and just stay there. Today there are a lot of people like that, when they are moved with some emotion because of some great spiritual power, they think that is all of spirituality, and they want to stay right there. There is nothing that is spiritual that you can understand or call spiritual that is not, but to fill you with power, so that you will do something in the earth. After all peter, James and John had been with HIM in the Celestial planes before the world was framed. There wasn't any Celestial thing that their spiritual consciousness had not known. But what He was bringing back to their consciousness, or attention was, the continuity of endless life.

The very presence of Moses and Elias was the verification of continuous life, life in the dimension of spirit, thus the program of the Kingdom was going on. The effulgent Glory which came out of HIM and covered HIM had, transformed from a physical plane to a Celestial plane, the image of the Glory of God. These disciples were filled with the impact of this. But Jesus said: you aren't going to stay on this mountain and build a tabernacle, or three of them, we came here so that I might show you something, and now you have beheld. Now: you get down off the mountain and don't you tell what you saw until after my crucifixion and resurrection, but I want you to know this: I wanted you to see that Light from the Celestial

plane, and see how it envelopes, transforms, and re-constructs. And the disciples had beheld that Glory. And now we are told by the Apostle Paul that we have that Glory, that it is in this earthen vessel we call a body, on the inside, and it is in this Celestial seed, it is the point of contact between the consciousness and the Celestial being. And the Apostle Paul also tells us that we have this Celestial house in the heavens, it is not stuck somewhere off in space, it is right here! If it hadn't been pretty close this scientist without spiritual understanding would never have photographed and recorded what he did. Nor would there have been as many evidences now coming forth in this generation as knowledge is increasing concerning these things. The most important thing which you can know and understand is that you are a child of the Eternal, that as a child of God you are a separate entity in the earth. You have been sent into the earth to re-build it, to throw down the darkness, and bring in the Light. To close up the Witch doctors and superstition, and set the captives, free from one end of the earth to the other. And it is going to be done with Power and with Light.

We become so sophisticated with the tangible things we make in the technological world that without His guidance, His spirit, and His stimulant our consciousness would never have developed so far ahead of the peoples round about that we never could have produced these things. But we get so taken over with these developments of our times, the electronic calculators and the electronic brain that we have created, that sometimes we overlook the fact that the most powerful creative force on the earth is the Life Force of Our Father, and is totally reflected in your capacity to create and produce things. And that the magnitude of this has a phenomena which surrounds it, which is ordained by the Will which holds the Universe together. And one of the things which has been ordained is that within this time span, we have been transferred from heaven to earth, and we are running around in the sun, on a time track like earthlings, on a time track such as they are. But you are children of the Spirit, children of Eternity. You are children, something greater than this. This is a residence that you have adopted, but it is not your original home, it is only the place where you have been planted. It is only your residence while you are here. But you are strangers and pilgrims in the earth, as the Apostle Paul tells you in the Book of Hebrews. You don't remember how

you got here or else you wouldn't stay. I know a lot of people who wouldn't stay if they knew how to leave. In fact I know lots of people who would step back as an experiment if they knew how, because the more people know about the plan and purpose of God the less fear they have. And the moment they know that they are a full pledged son or daughter, a product of His Grace, and His Majesty, that they are Light of His Life, then they lose all fear. 'Perfect love casts out fear.' You know that if everyone of the children of God's Spirit knew how to step back into the plane of Spirit, this place would be empty in the next five seconds. I know because I would go also. I don't want to die, but you just want to get back into that Light for a little while.

We would just want to recharge the spiritual battery of Celestial consciousness. Every last one of you would like to do this, besides it has been a long time since you were there, and as far as your earth consciousness is concerned, you would like to see that day. So the LORD said: I have to clothe them with forgetfulness because these strangers and pilgrims in the earth would have gone right back where they came from if they had remembered how they got here, from that land, and what the secret was as to the passage. Someone said: Well of course they were born here, and even like the man Nicodemus who talked to Jesus, and Jesus told him he must be twice born. but Nicodemus was wanting to know how to participate in the Kingdom of Heaven, which has to come down through the Household of the Royal Line, the Royal Family. And Jesus said: you have to be born twice, you have to be born in the heavens and you have to be born in earth, twice born. That is the secret, and you have all the credentials. But Nicodemus not understanding said: how can I be born twice, can I go back into my mother's womb? No you can't go back that way, you can't retrace your steps that way, to get back into the plane of spirit. Christ was telling Nicodemus of the fact that he was a Celestial born son, and an earth born son, and that the Kingdom of God belongs to Celestial sons and daughters who have come through the Adamic race, and the House of Seth, down through Abraham, Isaac, and Jacob and on down to your time. That is why you are different, and that is why God wants you to stay different. Because you are the source of Light and Hope for the world.

That is one of the things which has been hidden from this world, and the Apostle Paul tells you about in Colossians: 'It is the Christ in you which is the Hope of Glory.' Do you realize that the whole world could be put together with Glory? Everything in this whole world has been synthesized out of the Light and energy and dynamics, which have come out of the Light of God. HE is the Light that is the Life of men, and that Life is in you. And what we are waiting for is to see that enveloping Light, envelope the whole being. And we have been told that it shall take place. The only thing right now that hinders this Light of Life from taking place, has been blocks of the concept of the world, which we still permit to block us from entering into our Glory.

Now: that seems to be a hard statement, but always the obstacle seems to be much harder than it really is until we have bypassed it. We go back then to this declaration of the Apostle Paul as he says: we are all vibrating together, but we don't want to die. Very few people want to die. They will want to live and because of this God didn't put us here in the world to die, He put us here to live. He consummated death, once and for all of us, and tells us of a great day, a mighty day, a day of Glory. A day when all of life is going to be enveloped in His greater Life and Glory, and death is going to be swallowed up in victory. Now: that seems to be a hard statement, but always the obstacle seems to be much harder than it really is until we have bypassed it. We go back then to this declaration of the Apostle Paul as he says: we are all vibrating together, but we don't want to die. Very few people want to die, unless they are so in misery, in pain and agony. But enveloped by Light and Glory, with its synthesizing force and healing they won't want to die. They will want to live because of this God didn't put us here in the world to die, He put us here to live. He consummated death, once and for all of us, and tells us of a Great Day, a Mighty Day, a Day of Glory. A Day when all of Life is going to be swallowed up in victory.

Now: the thing that makes this so significant to me, is that it is not something I am anticipating as going to take place in 1980, or 1990 or something which will take place in the year 2050. Or 5 millenniums out there, that we are looking forward to. We are watching the developments around us, among the nations of the world which by the timetable of

God's declaration, show us that we have arrived at the great and final testing time, and the hour of the final revelation which God is about to bestow upon you, which is your Inheritance! When you see the battle lines being drawn up, when you see the power of the form of Anti-Christ in world government trying to exert himself, when you see the attempt to control everything until no man can buy or sell except you operate through their minions.

When you see the things that are transpiring at this minute you know that you have arrived at a climactic hour. Now: that doesn't cast our hearts down, that builds our hearts up. You say why should Christians be so happy at this? Why? Because we are just about to enter into the greatest Hour of Glory, Revelation, Majesty and Power the world has ever seen, when you are going to demonstrate, God. In other words that can't come to quickly, and we do not fear, but rather we welcome tomorrow. In face we become impatient for that tomorrow. So within this realization there is an hour and the Apostle Paul tells us that this hour is, absolute, it is sure, and speaking the truth in Love, he knows all about it.

The Apostle Paul tells us that it shall transpire, and when this thing shall have been wrought, we here in this earthly tabernacle shall have been enveloped in Light, and Glory. Let me tell you, that the inner person in you, that soul consciousness has resided in Celestial planes, developed as an entity and ego in the physical being, and it is now capable by contact with the Celestial consciousness to be filled with Glory. It is capable of re-directing that Glory until it re-envelopes the being. The seat of illumination which starts this Glory is in your intellect, the souls intellect. Someone said: how do I turn it on? By starting to think and meditate upon the thoughts of God which you are capable of doing, and then the mind picture is illuminated with the Light of God's purpose, and when it dwells on HIM it is illuminated with the Glory of His countenance. That is one of the reasons the Apostle Paul tells us in II Corinthians 3:17., that, 'The Eternal YAHWEH is that spirit, and where the spirit of YAHWEH is, there is liberty. And we all with an open face behold, as in a glass, the Glory of the Lord.' In other words it is as though you were looking in a looking-glass and you see your own reflection.

Now in your minds eye interpose that reflection to the Glory of God. Behold His countenance, and His face where yours is, behold each new revelation of truth as He brings it to you, and behold the countenance of the LORD each time you make this mental reflection. You say what is going to happen? I'll tell you, as you behold it in the place where you are standing, looking into that glass, and as you behold it in the place where you are standing, looking into that glass, and as you know that inside of you, where you do your thinking, is a resident son, in a physical body, then knowing that you are a son of God, know that you are entitled by His having begotten you to the Glory of HIS person. Someone just said: now that is going to far? No. 'Those He did foreknow He did predestine. To conform to the image of His own embodiment.' Every one of those He predestined, the Apostle Paul tells us, 'He called.' And everyone 'He called, He justified back there at Calvary. And everyone He justified He is going to Glorify.' So, what does that mean? Return to his own effulgent, Divine Light of Life which belongs to a son, even in this earth house we live in. and from that time on there isn't going to be anything which will be able to hurt or destroy this earth house which you live in. The fact is, that the Apostle Paul, is telling us that as we look into this mirror, and instead of seeing ourselves, we are starting to behold the Glory of God.

We start to behold His Glory, and we think upon His Majesty, His Glory, and His effulgence, and then there is one image which will arise in your mind. Any time you start to talk about the things of God, about His person, about His Majesty, His presence, then the Glory of God starts to fill your presence. And now you are told that you are transferred from Glory to Glory, even by the same spirit, YAHWEH THE ETERNAL ONE. And therefore as you recognize this inner position, that you are a son, that as He was in the world the fullness of God dwelling bodily, and that He has predestined, that you conform to the image of that body, then the fullness of God that dwelt bodily was transfigured on the mountain for the disciples. And these sons and daughters of God are going to be transformed before the world at the pleasure of The Father. And the speed of that hour is fast dawning, and He is bringing that hour closer. It is the hour when flesh is swallowed up in Light. It is the hour when Glory shall be made manifest, and shall reach out over all the earth. We cannot help but think of when Moses climbed the mountain, he went up to get the law.

This was a law which was essential for understanding of proper conduct. A law with blessings and with chastisement, but it was a codification of law. But when he was an Adamite, an Eternal son climbed that mountain and came in close proximity with the Most High, and the whole mountain was covered with Glory. And one of the things this son had requested was: Oh! Eternal YAHWEH I so want to see thy face, I want to behold thy Glory. But the Eternal said: Moses you couldn't look at my face, but you are going to get all the Glory on this mountain that you can take.

No man can stand to look upon my face, not yet, but I will tell you what I am going to do. You get over there behind those rocks, and look out through that little hole in those rocks as I go by, and you can look at all the Glory that you can stand to see. And the ETERNAL came by will all His Grace and Mercy, and He reached out and covered that little hole with His hand. And Moses couldn't see until He removed His hand, but then Moses saw the back of God as He walked away, and he beheld HIM in His Glory. And when Moses came down off that mountain he was saturated with HIS GLORY. The effulgent emanation which came down with Moses was like the Majesty of God. He was so charged with it that it was as tho he was walking in another dimension. And he became aware of the Light that shown out around him, and he covered himself because he knew that his associates or kinsmen couldn't stand this Glory. That God had been immunizing him for this contact, but that God had protected him, and charged him with this power, and thus when Moses came down off that mountain he was shinning like the sun, he was charged with power. It was temporary because it gradually wore off but he shown as he came off that mountain. Someone said: was it radio active? It was Divinely active with the Light of Life. It doesn't make any difference if it was in one or another field, for every electron in his body was moving at a higher rate in every field. And Moses came down from the mountain partially clothed with immortality.

In fact I am not to sure but that Moses ever died. I don't care what it says over here in Deuteronomy. I think that was just added a bit, just like they added to what Luke and others said, I think they just added a little more to the Pentateuch and said Moses died. Because the Devil never had to hunt very far for the body of anyone who died, but the Devil couldn't find

the body of Moses when Moses disappeared, couldn't find it, hunted for it high and low and even pounded on the gates of heaven hunting for it. Oh! You say somebody probably hid him. It says over here in Deuteronomy 34:7, 'Old and full of years without losing any natural force and with all vitality, he died.' But Moses didn't die, for on the Mount of Transfiguration Jesus had His disciples with him, Peter, James, and John, but who were the two fellows talking with Jesus in the plane of spirit, when all this had such an effect on these disciples? There were Moses and Elijah, but if Moses had been dead he would have been in the Netherworld waiting for Jesus to keep His appointment. That was where everyone else from Adams own time down to the time of Christ were, except Enoch and those who had been translated. The only way you could escape death was to be translated into the plane of spirit. To be so enveloped in Light and Glory that you didn't die. And I am going to tell you that I don't believe that anyone who got so saturated as Moses did on that mountain ever faced death. I think his Celestial spirit like that of Elijah went into the dimension of spirit, and there they were in that day talking with the Christ, and the disciples beheld them, and they were bathed in Glory, effulgent Light and Life, dynamic power. Every time anyone met the Celestial they found it charged with Life and Light. And when you go into the story of the Birth of The Christ child you find the same thing. The Shepherds were out on the hillsides, and then suddenly a Light shown around about, and the Glory of God shown round about. the effulgent Glory was there and the Shepherds knew what it was.

The records tell us what it was; a Celestial company was heard singing a carol. And here was a great Celestial company, and they were singing, and these Angels of heaven were right up there. And then there was another light moving ahead of the Wise men. People said that it was a Star, but no, that light went right down every little crooked turn in the road, for it was guiding them, and thus it was a lot closer than a Star. The only thing that men could know as they saw the sign in the heavens was that the time had come. The only thing they could measure by planets far out in space was to know from these conjunctions that the time of the Birth had come. But when it came to being guided right to the door that my friends took a Light of Life, and the Glory of heaven to do that, and that led them to the right place. I want you to know that always when

Celestial creatures come, when the Glory of God shines around His Celestial children this is Life! I want you to know that just because He transferred you from heaven to earth, and this Light is apparently not shining now, that there is a Glory that is inside of you, inside these vessels of earth, and the climax of this is that Light is going to envelope the earth. Again, though you have heard it many times, and you cannot wear this Book out, and repetition doesn't even hurt it, 'Arise and shine for thy light is come, and the Glory of Yahweh has risen upon thee.' (Isaiah 60:1) It has been here all the time, it needs only to go back and re-cover the Household of God. Behold, the darkness covers the earth, gross darkness upon people, but YAHWEH shall arise upon His Glory and shall be seen upon thee. The Glory of God is your inheritance, and everyone He has called, He has justified, and those He has justified He is going to Glorify. And that is the greatest transition which yet awaits the sons and daughters of God. And death shall be swallowed up in Victory, and we will not take that coat off, ever again. The enemy has held the world, and he has been trying to capture you by absorbing you into it. He has been trying to bind your hands and the hands of your nations. He has been seeking to capture your thoughts. He has every means at his disposal, with radio, press, and T.V. He seeks to even belittle your concepts of great Spiritual Light and Power, but all these things don't change the Universe or change your Destiny.

But with all these things he hopes to eventually envelope the kingdom. He is again trying the original transgression of seeking to intermingle, and interlace the races of earth to destroy that capacity which is in you. But that which is in you cannot be joined into the world, and produce a continuity. They do not have therefore this Spirit of Light and Life and could not project it into their progeny, and that is why there was absolutely no mate in the earth for Adam. That is why Eve was taken out of Audaum, and then Adam said: now, this is alright, this is flesh of my flesh. Even as God said concerning this same Adam-man, and also of you. You are flesh of my Flesh, and bone of my Bone. So therefore again it required a great spiritual re-constitution of life understanding to know that this hour that we live in is charged with great purposes which are Divine. And in the midst of all that is happening, you are also going to see a miracle start to happen. And you are going to see people start to

measure years and count time, and wonder how long it is going to be. And they are going to be charged with Light and Vitality and Glory, and they will know that the hour is prolonged permanently in Gods purpose and plan. The Apostle Paul said: we are waiting to be clothed upon.

We must understand that we will be clothed with the Light which we had when we were with HIM before the world was framed. Now remember these words which this man, Christ Jesus said, and which you can say also: 'Father (Spirit) clothe me with the Glory which I had when I was in thee before the world was framed.' Because you have already been blessed with all spiritual blessings in heavenly places before the world was framed. This is why we pray: 'Thy Kingdom come, thy will be done, in earth as it is in heaven.' Don't let anyone pollute the race, don't let anyone swallow you up, don't let them determine your destiny, don't give any attention to their thoughts for you must think with the thoughts of heaven. Separated by this constant consciousness that God placed us in, here in earth, a race, that was to be masters in the earth because He created and begat it so. They were children of His kingdom transferred from heaven to earth to bring in that Kingdom. You as children of that kingdom must never forget that though you are resident in the earth, yet you have a Divine Nature. That you are Divine children, and that you must do a Divine work. I talked with a Clergyman who admitted to me in the course of our conversations that he had no answers for the problems surrounding us. This Clergyman represented one of the largest churches in one of our great central cities. In fact he came to interview me because he wanted me to talk to a group of businessmen, and we were going to talk to them. But he came in wringing his hands because of the passing of Doug Hammarskjold the head of the United Nations. He said: the earths been rocked, and it may be destroyed, our last great hope is gone. I started to talk to him about Hammarskjold, and about Stalin, and our planet, and I said: I assume that you are a Christian Minister, and that you still believe in the tenets of Christianity? Do you believe that the thing you are proposing, and that you believe in is the best thing that you know how to advocate? Do you believe that Christianity is better than all the religions round about? Do you believe that it is the only solution to the problems of the world? And if you don't then you shouldn't be a Christian Minister. He said: yes, I believe that. Then I said: when you believe that then the

United Nations is not our last best hope. It doesn't even compare with the hope which we possess. More than that we are falling into a trap, we begin to think that all the world substitutes for God's Kingdom have hope, when they don't have any hope in them. When they are only filled with catastrophe, for the world has not produced anything which isn't a catastrophe.

Therefore we have to control our thinking. We can't let the world control it. We have to think under the guidance of His Spirit, and we have to think under the will and law, and concept of heaven, and not my friends substitute the Will of earth. Because we must take over the earth with the Will of heaven, and with the knowledge of heaven. The United Nations is not the last best hope, it is the world entrapment of God's Kingdom. It has been made to look as though it was good, but it is not. Now: I discovered, and I know that this man's great heart has a desire to be good to everybody. It was just a natural goodness which belongs to everyone of the Anglo-Saxons that you know. They just want to help and they aren't very sensible with what they would give away, especially everyone else's things. In fact he just wanted to be a good fellow, he wanted them to pat him on the back at the Lions Club and other clubs, and to come to his church and pack it. And it was the biggest church in the whole city that he was trying to fill. And this man was crushed because he thought the world's best hope was gone. This is what I want you to see, you better get your mind back over on the side where the power is. And you better start growing in the Light, for you can face any situation with Light, and be Victorious in it.

For you are children of Light, and not the children of darkness, but if you live in darkness it is because you have the shades all pulled down. You don't have to do that, it would be a good thing if you would start looking in that glass every morning, and then just transpose that picture, interpose the best recollection of the face of Jesus, and envelope it in the kind of Light that He had on the Mount of Transfiguration, and in the seat of your consciousness, HE is going to illuminate your soul. Then remember that you are begotten of the same spirit, that consummated the miracle of His coming. And then know that the Glory which you see, belongs to you because He gave it to you, knowing that this is going to change the

world. Then go out into a bright day, instead of a dark day. I just want you to know that soon all flesh is going to be enveloped in HIS Glory, for you day, and in your time. End of Message.
