

# "The 'World' in a Quote"

Mr. Jeffrey L. Ostler

**Proof of a Worldwide Conspiracy**  
**WHO OR WHAT IS OUR ENEMY?**  
Let the facts speak for themselves!  
Circa 1992?

# "The 'World' in a Quote"

We recovered an old pamphlet which, by internal evidence, appears to have been compiled in or around 1992 (the last dated citation bears the date October 11, 1992). It was put together by a Mr. Jeffrey L. Ostler (whom we do not know). In this pamphlet he has painstakingly searched out quotes and excerpts that illustrate the fall of the Christian society, *et all*.

The "Editor notes" are his, we left them intact—they are rendered as "(- Ed.)". Any notes made by us at Watchmen Bible Study Group are in "[brackets]". While we proofread the document, it is possible that some typos exist due to scanning-error.

Also, the chapter titles and divisions are ours; we rearranged the order in which the author presented the quotes. We did this for the ease of reader's searches. We felt that the quotes, aligned into categories of subject, would be more beneficial to the investigator.

And while we can appreciate the sheer labour involved in gathering all these quotations; especially before home computers and search engines were at the level that they are today; we must take issue with the Author, in that he seems to have systematically omitted and clouded all references to the Jews—but every quote that he supplies is the direct result of the International Jewish program to deconstruct God's world. They do this for their god antichrist (Satan).

We find this phenomenon whenever we see other's dealing with the *first beast system* of Revelation 13:1-4; they are reluctant to come right out and identify the offenders, "for fear of the Jews" (Jn 20:19). We are not so afraid; for we stand by God, for God, in Christ Jesus—and appeal to the power of the Holy Spirit of God, by the name of Jesus Christ, in all distresses. Whom then, shall we fear?

Here is the dirty little secret that the so-called "conscienced" and *politically correct* (cowards and enablers, better stated) will not dare to utter: The International Jew is responsible, and at the head, of every below category and act—reprinted from the annals of time in the form of quotes from men who were then there. It is the plan laid out so long ago; and which is progressing today at an ever increasing tempo, steaming faster and faster like a runaway train, as we near the end of the tracks of time into the Great Tribulation: which was spelled out line-by-line, and is happening on cue, in the International Jewish Manifesto: "*Protocols of The Learned Elders of Zion*". And yet "we" lick the hand of the masters that are destroying us.

America and the free Christian Nations are not victims in all of this, though they are ravaged. What happened was that when evil rose up and stood, good men did nothing; and for our sin, we shall go into bondage to the antichrists: The International Jews. Revelation chapter thirteen is about such a time. And yes, Virginia; they shall kill us all the day long.

Jer 5:29-31 Shall I not visit for these things? saith the LORD: shall not my soul be avenged on such a nation as this?

30 A wonderful and horrible thing is committed in the land;

31 The prophets prophesy falsely, and the priests bear rule by their means; and my people love to have it so: and what will ye do in the end thereof? KJV

Below is the document which I speak of. It is titled "*Proof of a Worldwide Conspiracy; WHO OR WHAT IS OUR ENEMY?*", though the Author never does answer the question. Well, we have taken liberty to answer it in the above. So grab a cup of coffee, and sit down and read that which shall absolutely tear your eyes wide open to the meticulous and orchestrated system designed to destroy you, your posterity, Jesus Christ, God, and His ordered world. And if it

doesn't awaken you, then go back to sleep, for now; *they* will wake you when it is time to take your Mark of the Beast, or, to behead you.

Nick Goggin, Editor,  
*Watchmen Bible Study Group.*

**Proof of a Worldwide Conspiracy**  
**WHO OR WHAT IS OUR ENEMY?**  
Let the facts speak for themselves!  
Circa 1992?

**Top Four Quotes**

**On almighty-like power:** "The high office of the president has been used to foment a plot to destroy America's freedom, and before I leave office, I must inform the citizens of their plight."  
— Pres. John F. Kennedy; in a speech at Columbia University, 1963; tens days before he was assassinated. [What did the President learn that cost him his life? Read this article, and you shall learn. —WBSG.]

**On political intrigue:** "The upcoming Soviet strategies include "the introduction of the false liberalization in Eastern Europe and, probably, in the Soviet Union; and the exhibition of spurious independence on the part of the regimes in Romania, Czechoslovakia, and Poland. The KGB would [be] reformed. Dissolution of the Warsaw Pact would have little effect on the coordination of the communist bloc. The pressure on the United States for concessions on disarmament and accommodation with the Soviets will increase. During this period there might be an extensive display of the FICTIONAL STRUGGLE FOR POWER IN THE SOVIET LEADERSHIP." - KGB Defector Anatoliy Golitsyn, in *New Lies for old*, published in 1984, but revealed to CIA in 1970's [Boy! Are we ever seeing that come to pass, today. Russia is rising from the ashes, and she is strong! —WBSG]

**On the invisible hidden hand:** "The invisible [Jewish] money power is working to control and enslave mankind. It financed Communism, Marxism, Zionism and Socialism. All of these are directed to making the United States a member of a World Government, [the United Nations] in which we will have only 1 vote to oppose 82 nations." — *American Mercury*, Dec., 1957, pg. 92 [Comment is superfluous (Being beyond what is required or sufficient) - WBSG.]

**On rebellion over tyranny:** "If you love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or your arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that ye were our countrymen." — Samuel Adams

**The New World Order**

"Stand by our country, not by the President, except to the degree that he stands by our country. IT IS UNPATRIOTIC NOT TO OPPOSE HIM to the extent he fails in his duty to stand by his country. IT IS UNPATRIOTIC NOT TO TELL THE TRUTH." - Pres. Theodore Roosevelt

We seek "a just and stable INTERNATIONAL ORDER." – Jimmy Carter, in an address to Chicago CFR members May 1976(*Unseen Hand* pg. 238)

"World progress is only possible through a search for universal human consensus as we move forward to A NEW WORLD ORDER." – Mikhail Gorbachev, Dec. 7, 1988 Address to United Nations

The United States is ready to welcome the Soviet Union "back into the WORLD ORDER." - Pres. George Bush, May 12, 1989 Texas A & M University Graduating Class

"All of us have felt how much we need the United Nations if we really are to move toward a NEW WORLD, and new kinds of relationships in the world in the interest of all countries. The Soviet Union and the United States have more than enough reasons to be PARTNERS in building it, in shaping new security structures in Europe and in the Asian Pacific region. And also in the making of a truly global economy, indeed, and the creation of A NEW CIVILIZATION." – Mikhail Gorbachev, 1990 Address to Stanford University

Iraq's invasion of Kuwait is an "act of terrorism that has been perpetrated against the emerging NEW WORLD ORDER." – Eduard Shevardnadze, Soviet Foreign Minister — Sept 25, 1990

"We are moving to a New World Order!" (this was repeated five times to thunderous applause - ED. NOTE) – George Bush — Sept 1990 to United Nations

"We are moving to a NEW AGE and a New World Order! With a NEW WORLD ORDER struggling to be born. . .we are now in sight of a United Nations that performs as envisioned by its founders." (The founders were well known Communists — Ed. Note) – George Bush — Sept 11, 1990 Joint Session of Congress.

"My vision of a NEW WORLD ORDER foresees a United Nations with a revitalized peacekeeping function." – *George Bush, Feb. 6, 1991 to the Economic Club of New York*

It is the SACRED principles enshrined in the UN Charter to which we will henceforth pledge our allegiance." – Pres. George Bush — Feb. 1, 1992 to Chiefs of State of 20 Countries at the UN Building, NYC

"Bush has all the knowledge and the background and has had the posts. He is in a better position than anyone else to pull together the people in the country who believe that we are in fact living in ONE WORLD and have to act that way." — David Rockefeller — quoted by S. Blumenthal, Wash. Post Feb. 10, 1988.

"The crisis in the Gulf offers us a rare opportunity to move forward In a historical period of cooperation out of these troubled times. A New World Order can emerge." – George Bush — November 21, 1990 Paris Summit Conference

“New York Governor Nelson Rockefeller says as President he would work toward international creation of a 'NEW WORLD ORDER'” — Associated Press dispatch - July 26, 1968. "The truth of the matter is that today, all of us, East and West, are moving toward a NEW type of civilization, whether we realize it or not. our old stereotypes have now lost their meaning and should be radically re-examined." — Mikhail Gorbachev —Feb 25, 1992 *Deseret News* Article entitled “Socialism lives on”

(Speaking on the topic of EC 92 - European countries merger) "It would be the greatest abdication of national and political sovereignty in our history." - Prime Minister Margaret Thatcher: “Nationality must rank below the claims of mankind as a whole!” — F.S. Marvin, in his book *THE NEW WORLD ORDER*, describing the League of Nations as the very first attempt at a NEW WORLD ORDER; published 1932

“With the notion of race, National Socialism (Nazism) will use its own revolution for the establishing of A NEW WORLD ORDER.” — Adolph Hitler, in “Hitler Speaks” by Hermann Rauschnig, 1939

On Dec. 12, 1940, an article entitled “A NEW WORLD ORDER” by John G. Alexander was placed in the Congressional Record calling for a world federation. Also, in July 1940, an article entitled “THE NEW WORLD ORDER: A Japanese View” was published in Contemporary Japan magazine. And the Carnegie Endowment for International Peace published a work called “THE NEW WORLD ORDER” calling for regional and world federation, together with special plans for world order after World War II. Alger Hiss, who was later found to be a member of the Communist Party, became President of The Carnegie Endowment for International Peace in 1946 after succeeding in establishing the United Nations, the main governing arm of that NEW WORLD ORDER. In 1974, The U.N. General Assembly issued a report entitled “NEW International Economic ORDER” outlining a plan to redistribute the wealth from the rich to the poor nations.

“The manifest necessity for some collective WORLD CONTROL to eliminate warfare and the less generally admitted necessity for a COLLECTIVE CONTROL OF THE ECONOMIC AND BIOLOGICAL LIFE of mankind, are aspects of one and the same process.” Wells proposes a “collectivist ONE-WORLD STATE OR NEW WORLD ORDER” comprised of “SOCIALIST DEMOCRACIES”. He advocates "universal conscription for service", (compulsory work forces — Ed. Note) and declares that “national individualism is the worlds disease” — *THE NEW WORLD ORDER*, by H.G. Wells, published in 1940.

On Sept 9, 1960 President Eisenhower signed Senate Joint Resolution 170 promoting the concept of a federal Atlantic Union. Atlantic Union Committee member Elmo Roper delivered an address titled, “The Goal is Government of All the World” in which he states: “For it becomes clear that the first step toward World Government cannot be completed until we have advanced on the four fronts: economic, military, political, and social. By chance, the economic came first, and this was a very positive step. The military has now come next, and that is necessary. The political must come next, and the social will follow the political organization.

“The NEW ORDER taking shape in the world today is not the one imagined by the obsolete Statesman. Rather than nation—states weighing in on a new global balance, a high—tech archipelago of affluent city—regions is evolving amid a sea of impoverished humanity. (Most of the world will be poor serfs to the affluent masters — Ed. note) These city—regions are linked together by transnational business firms (International bankers and industrialists - Ed. Note) which, in ceaseless pursuit of new customers, ARE CREATING NEW NETWORKS THAT BYPASS THE TRADITIONAL NATION-STATE FRAMEWORK. (That means eliminating America - Ed. note) By placing science and technology solely in the service of these companies, fading nation—state governments are not only hastening their own DEMISE; they are also accomplices in a GLOBAL STRATEGY THAT EXCLUDES MOST OF THE WORLD’S

## POPULATION

If current trends continue, such nation states as Germany, Italy, United States or Japan will no longer be relevant entities in the ultimate political configuration.

THE REAL DECISION MAKING POWER OF THE FUTURE, WILL BE A NETWORK OF TRANSNATIONAL COMPANIES IN ALLIANCE WITH CITY-REGIONAL GOVERNMENTS.

The aim of fading national governments that support such a strategy is to attain global technological and industrial supremacy by CAPTURING the allegiance (read: slavery — Ed. note) of the 800 million consumers within the rich regions. Committing the vast majority of the world's population to a GLOBAL UNDERCLASS is not only unjust, but also unsustainable in a well—armed world.

The future will be characterized by a prosperous network (read: secret combination — Ed. Note) of transnational firms that will grow dynamically together in what is basically a G-7 CLUB, LEAVING BEHIND THE GREAT MASS OF HUMANITY THAT CANT QUALIFY AS CUSTOMERS. (Or as people, just as slaves -Ed. Note)

Imagine how such an ORDER would redraw the world map: On one side we would see a dynamic, TIGHTLY—LINKED (read: Secret Combination) archipelago of technopoles comprising less than one—eighth of the world's population; on the other would be a VAST, disconnected and DISINTEGRATING wasteland which is home to seven out of every eight inhabitants of the earth.

People are told (read: propagandized) they are soldiers in an open technological war; that their countries are fighting for survival; that they must be more and more skilled and educated if they want to find and keep a job. They are told that their future is linked with the mastery and use of high—tech products and systems, combined with new organizational models.

(We are) aware of the pernicious influence of the competitiveness metaphor and of the global apartheid—like consequences of the WAR FOR TRIADIC POWER, (there are three major areas of power under the Trilateral Commission idea of one—world government and people control — Ed. Note) I believe that EUROPE, THE UNITED STATES AND JAPAN should place science and technological development at the service of the entire planet.” — Riccardo Petrella, Director of Forecasting and Assessment of Science and Technology, Division of European Community, *Deseret News* August 9, 1992 Distributed by Los Angeles Times Syndicate Treaty laws can override the Constitution.” — John Foster Dulles, Secretary of State, on April 12, 1952 "I cannot see that any rational American. . . could conceivably try to fulfill the major national purposes of the United States through the United Nations. It would be comparable to the United States seeking to pass its legislation through the Supreme Soviet of the USSR." — Charles Lichenstein, Deputy Ambassador to the UN, August 1986 Issue of *Common Sense* ("Betrayal of America" pg. 111)

Current events compellingly demand “A NEW WORLD ORDER,” as the old order is crumbling, and there is “A NEW AND FREE ORDER STRUGGLING TO BE BORN”. There is a “fever of nationalism, but the nation—state is becoming less and less competent to perform its international political tasks. These are some of the reasons pressing us to lead vigorously toward the true building of a NEW WORLD ORDER, with voluntary service. Sooner perhaps than we may realize, there will evolve the bases for a federal structure of the free world.” — Nelson Rockefeller, in “The Future of Federalism”, published in 1962

“All of us will ultimately be judged on the effort we have contributed to building A NEW WORLD ORDER.” — Former U.S. Attorney General Robert Kennedy, in “To Seek a Newer

“Whereas a joining together for such purposes of the democratic nations of the Atlantic community to create an Atlantic Union within the framework of the United Nations would reduce the cost of the common defense, provide a stable currency, and a declaration that the goal of their people is to transform their present alliance into a federal union” — Congressman George Bush, Dec. 2, 1969 introducing Atlantic Union Resolution into Congress (You must see that Bush has always been pushing for his NEW WORLD ORDER and has always been a part of the conspiracy that seeks to destroy American Sovereignty — Ed. Note)

“Within two decades (1992) the institutional framework for a world economic community will be in place, and aspects of individual sovereignty will be given over to a supernational authority.” — Roy M. Ash, Director of Office of Management and Budget for Pres. Richard Nixon, May 18, 1972

"Mr. Bush has wisely pointed America's resulting world leadership toward the objective of a NEW WORLD ORDER. In doing so, he has gone beyond the rhetoric of "national interest" that dominates conventional thinking." - Max Lerner, Washington Times "Toward a Federative Principle" 1991

"George Bush has been surrounding himself with people who believe in ONE— WORLD Government. They believe that the Soviet system and the American system are converging!" The vehicle to bring this about is the United Nations, "the majority of whose 166 member states are SOCIALIST, ATHEIST, AND ANTI-AMERICAN!" - Ambassador to Romania 81—85 David Funderburk, who resigned in frustration over U.S. support of the oppressive regime of late Romanian dictator, Nicolae Ceausescu, on Oct 29, 1991 to a North Carolina audience

"We are beginning to see practical support. Arid this is a very significant sign of the movement towards a new era, A NEW AGE. We see both in our country and elsewhere, ghosts of the old thinking. When we rid ourselves of their presence, we will be better able to move toward A NEW WORLD ORDER, relying on the relevant mechanisms of the United Nations." - Mikhail Gorbachev, at Middle East Peace Talks in Madrid, Oct 30, 1991

“Two centuries ago our forefathers brought forth a new nation; now we must join with others to bring forth a NEW WORLD ORDER." "Narrow notions of national sovereignty must not be permitted to curtail that obligation." “To establish a NEW WORLD ORDER it is essential that mankind free itself from limitations of national prejudice. No one nation can any longer effectively maintain its processes of production and monetary systems without recognizing the necessity of collaborative regulation BY INTERNATIONAL AUTHORITIES.

We call upon all nations to strengthen the United Nations and other institutions of WORLD ORDER!” — The Declaration of INTERdependence — signed by 32 Senators & 92 Representatives in Washington D.C. Jan. 30, 1976

“The size, range, and complexity of government increases—and will continue to do so. I would defend the proposition that this expansion is good-not bad. Surely, we have reached the point where we can say... that Jefferson was wrong; that government is not best which governs least.”

The fallacy in Jefferson's argument is the assumption that the expansion of government leads to the curtailment of individual freedoms. That just is not true." — Senator Joseph P. Clark, Member of World Affairs Council, explaining why the new Declaration of INTER—dependence was necessary, signed by 126 U.S. Senators and Representatives on Jan. 30, 1976 (*Unseen Hand* pg. 371) “Two centuries ago, our forefathers brought forth a new nation; now we must join others to bring forth a NEW WORLD ORDER.

To establish a NEW WORLD ORDER, it is essential that mankind free itself from limitations of national prejudice. (Ed. Note — that means goodbye America, hello, world government tyranny)

We affirm that the economy of all nations is a seamless web, and that no one nation can any longer effectively maintain its processes of production and monetary systems without recognizing the necessity of collaborative regulation by international authorities. (You mean world tyrants)

We call upon all nations to strengthen the United Nations, and other institutions of WORLD ORDER. — *Declaration of INTER-dependence*, signed by 126 U.S. Senators and Representatives on Jan. 30, 1976 (*Unseen Hand* pg. 371)

“The Declaration of INTER-dependence calls for the surrender of our national sovereignty to international organizations. IT declares that our economy should be regulated by international authorities. It proposes that we enter a NEW WORLD ORDER that would redistribute the wealth created by the American people.” - Congresswoman Marjorie Holt, who refused to sign the treasonous document (*Unseen Hand* pg. 371)

"The great question of our time is not whether or not one world can be achieved, but whether or not one world can be achieved by peaceful means. We shall have world government whether you like it or not! The question is only whether world government will be achieved by consent OR BY CONQUEST." - James P. Warburg, Member of CFR and son of World Banker Paul Warburg — to Senate Committee 2-17-50

"World government is coming. In fact, it is inevitable. No arguments for it or against it can change that fact." - Norman Cousins, Pres. of World Federalist Association and Chairman of Planetary Citizens (Epperson, *NWO*; pg. 2)

“To achieve WORLD GOVERNMENT, it is necessary to remove from the minds of men their individualism, loyalty to family tradition, national patriotism, and religious dogmas.

We have swallowed all manner of poisonous certainties fed us by our parents, our Sunday and day school teachers, our politicians, our priests, our newspapers and others with vested interests in controlling us. The re-interpretation and EVENTUAL ERADICATION OF THE CONCEPT OF RIGHT AND WRONG which has been the basis of child training, the substitution of intelligent and rational thinking for faith in the certainties of the old people, these are the belated objectives for charting the changes of human behaviour. (And preparing them for NEW WORLD ORDER tyranny -Ed. Note) — Dr. Brock Chisolm, Director of World Health Organization — Utah Independent Sept 1977 (*Unseen Hand* pg. 368)

Referring to Edward Mandell House' efforts to involve America in World War I: “Colonel Edward Mandell House' sole justification for preparing such a batch of blood for his countrymen was his hope of establishing a NEW WORLD ORDER of peace and security.” - Walter Mills — *American Opinion* Jan. 1976 pg.91 (see Epperson, *NWO*)

"Cynical Europe said that the North would have it appear that the Civil War had been fought for human freedom , whereas IT WAS FOUGHT FOR MONEY!" — Col. Edward Mandell House — *Phillip Dru Administrator* pg. 119 "Tonight we lead the world facing down a threat to decency and humanity. What is at stake is more than one small country. It is a big idea--A NEW WORLD ORDER I Today that NEW WORLD ORDER is struggling to be born--a world quite different from the one we have known." — George Bush — Jan. 29, 1991 State of the Union Message to Congress:

"I think George Bush wants to be President of the World. I just want to be President of the United States. (Boston Globe 1/7/92) George Bush looks upon himself as the Chairman of the Board of Skull and Bones International. He gets together with all the leaders of the world, and they decide

this, that and the other. (New York Times 2/1/92) Some of these fellows have to wake up and realize it's not 1939 anymore. Most of these folks (the Bush crowd) are globalists. They believe in subordinating American sovereignty to some globalist NEW WORLD ORDER. When I see European countries giving up their currencies, giving up their control of trade. . .when I see George Bush engaged in the unilateral economic disarmament of his own country, I say WATCH OUT! (New Hampshire Campaign, Feb. 92) Bush is a globalist.. .We are nationalists. He would put America's wealth and power at the service of some New World Order.. .We will put America First! We must not trade in our sovereignty for a cushioned seat at the head table of anyone's NEW WORLD ORDER!" — Patrick Buchanan — various statements during Presidential Campaign 1992

"We will build the New World Order , not by an end run, but we will build it piece by piece right under their noses." (meaning the American people's noses). "The house of World Order will have to be built from the bottom up rather than from the top down. An end run around sovereignty, eroding it piece by piece, will accomplish much more than the old fashioned frontal attack!" — Richard N. Gardner—CFR & Deputy Asst. Sec. of State —in Foreign Affairs Magazine April 1974: "Globalism will be America's demise—the end of our republic!" - William Bowlin — PhD Educator from Johns Hopkins University:

"Russia is pointing the way to great and sweeping world changes. It is not in Russia alone that the old order is passing. There is a lot of the old order in America, and that is going too. I'm glad it is so. When I sat and watched those democratic conclaves in Russia, I felt that I would welcome a similar scene in the United States." — William Boyce Thompson, Federal Reserve Bank Director and founding member of CFR in Jan. 13, 1918 issue of New York World

"One disaster, one charismatic world leader, and man will make the quantum leap into the NEW AGE." — Aurelio Peccei — Chairman of Club of Rome

"We are on the verge of a global transformation. All we need is the right MAJOR CRISIS, and the nations will accept the NEW WORLD ORDER." — David Rockefeller — Chairman, Council on Foreign Relations —(owner of World)

We have a rendezvous with a super world dictator, and his appearance may be very soon. Our of the collapse of a nation's economy, there always arises a dictator. Hitler is an illustration. Mao Tse-Tung in Red China is another. This time, with the collapse of the monetary system of the planet, a super world dictator will arise who will control the economy of the entire world. We are on a direct course, and have rendezvous with a world dictator, and his appearance may be soon." - Julian Snyder — World renowned economist and financial expert

"Concentration of power always proceeds the destruction of human liberty." (Ed.— What does this mean about the New World Order?) - Pres. Woodrow Wilson

"The image of the world in 1987 as traced in my imagination: The Cold War will be a thing of the past. Internal pressure of the constantly growing intelligentsia in Russia for more freedom and the pressure of the masses for raising their living standards may lead to a gradual democratisation of the Soviet Union. on the other hand, the increasing influence of the workers and farmers, and the rising political importance of men of science, may transform the United States into a welfare state with a planned economy. Western and Eastern Europe WILL BECOME a federation of autonomous states having a Socialist and democratic regime. With the exception of the USSR as a federated Eurasian state (ED. Note — Does this sound at all like EC 92?), all other continents WILL BECOME UNITED IN A WORLD ALLIANCE, at whose disposal WILL BE AN INTERNATIONAL POLICE FORCE! All armies WILL BE abolished, and there WILL BE no more wars. In Jerusalem, the United Nations WILL BUILD a Shrine of the Prophets to serve the federated union of all continents (NEW WORLD ORDER - ED. NOTE), this WILL BE the seat of the Supreme court of Mankind, to settle all controversies among the

federated continents, as prophesied by Isaiah. Higher education WILL BE the right of every person in the world. A pill to prevent pregnancy WILL SLOW DOWN the explosive natural increase in China and India." - David Ben-Gurion — Prime Minister of Israel, in *Look Magazine* Jan. 16, 1962 Pg. 20

"It can be argued that a sharp deflationary collapse, clearing the economic decks is exactly what is needed, and that it would be most advantageous to the economy in the long run. The 1990's will begin with a severe recession, perhaps a depression. The nations should organize themselves into a one—world economic order to ensure that even though such a calamity should occur, there will be a reconstruction of a meaningful INTERNATIONAL MONETARY SYSTEM (no man will be able to buy or sell w/o the mark — ED. Note). Those persons alive today, who are still living in the year 2000, will have difficulty recognizing the world. Human life will have been literally transformed." — Norman Bailey — Director of Planning, Nat. Security Council, Special Asst. to Pres. Ronald Reagan, and Senior Director of International Economic Affairs at the White House — addressing the Group of Seven

"Mankind has been moving through great stages of evolution. The first stage was the primitive stage, revolving around religion. Back yonder, men believed that their destiny was in God's hands. This was a narrowness derived from massive ignorance and illiteracy. The ideal is rational humanism on an international scale.

The technetronic era involves the gradual appearance of a more controlled society. Such a society would be dominated by a elite, unrestrained by the traditional values." - Zbigniew Brezhinsky — Exec. Director Trilateral Commission, self—professed Marxist/Communist, Nat. Security Advisor to Jimmy Carter, Special Advisor to five U.S. Presidents—quoting his book *Between Two Ages*.

"It will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the health and personal behavior of the citizen. These files will be subject to instantaneous retrieval by THE AUTHORITY. — Zbigniew Brezhinsky — Exec. Director of Trilateral Commission, self professed Marxist/Communist, Nat. Security Advisor to Jimmy Carter, special Advisor to five U.S. Presidents — Jan. 1968 ed. of *The Encounter*.

"I am convinced that socialism is correct. I'm an adherent of socialism." — Mikhail Gorbachev 1991.

### **The United Nations Organization**

"What the world needs is a fundamentally new vision of global cooperation. We propose a 'World Summit for Development' that could discuss and develop: 1) A global central bank with a common currency to maintain price and exchange— rate stability; to channel global surpluses and deficits; to equalize international access to credit (whoever grovels before the world masters the best, gets the money — Ed. Note); and to provide the cash and credits that poor nations need. (by stealing from people who work — Ed. Note) 2) A system in which a progressive income tax would be collected automatically from rich nations and distributed to the poor according to their income and development needs. 3) An international trade organization to insure free and equal access to all forms of global trade and to stabilize commodity prices. 4) A UN Development Security Council (otherwise known as Big Brother — Ed. Note) that would establish a broad policy framework for ALL global development issues, ranging from food security and environmental protection to humanitarian assistance, debt relief, drug control, and international migration (whether you want to move or not, they'll put you where they want you - Ed. Note). These suggestions could be "cornerstones of a new global economic system," because realism demands the reform of existing society, over time. (because they are sick and tired of having America for a thorn in their side, they have got to have more control, more power, more money, more, more,

more! - Ed. Note) - The United Nations 1992 Human Development Report, as reported in *World Press Review*, Sept 1992

### **UNESCO (United Nations Educational, Scientific, and Cultural Organization.)**

“Even though it is quite true that any radical policy of controlled human breeding will be for many years politically and psychologically impossible, it will be important for UNESCO to see that the eugenic problem is examined with the greatest care, and that the public mind is informed of the issues at stake that much that is now unthinkable may at least become thinkable.” - UNESCO President and Fabian Socialist, Sir Julian Huxley, in UNESCO: Its Purpose and Its Philosophy, Published 1948 (UNESCO is the world social planning arm of the United Nations -Ed.)

### **Trilateral Commission**

“If you like Conspiracy theories about secret plots to take over the world, you are going to love the administration of President Jimmy Carter. At last count 13 Trilateralists had gone into top positions in the administration. This is extraordinary when you consider that the Trilateral Commission only has about 65 American members.” - *Washington Post* Jan. 16. 1977 (*Unseen Hand* pg. 238)

"The Trilateral commissions most immediate concern is the creation of a NEW WORLD MONETARY system to replace gold and the dollar as the international exchange with a new currency called Special Drawing Rights (SDRs)." - Jeremiah Novak, *American Opinion* July 1977 pg. 12 (*Unseen Hand* pg. 240)

"This may cost me everything that I have, but I've got to get out and alert the American People. The Trilateral Commission represents a skillfully coordinated effort to seize control and consolidate the four centers of power, political, monetary, intellectual, and ECCLESIASTICAL. What the Trilateralists intend is the creation of a world—wide economic power superior to the government of the nation states. In other words, what they are driving, orchestrating, meshing, and gearing to accomplish is the New World Order, the one-world government. What the Trilaterals truly intend is the creation of a worldwide economic (money—banking) power superior to the political government of the nation—states involved. As managers and creators of the system THEY WILL RULE THE WORLD." - Senator Barry Goldwater — *With No Apologies* 1980 pg. 299

"The most powerful cliques in these elitist groups (Council on Foreign Relations, Trilateral Commission, and others) have ONE objective--to bring about the surrender of the sovereignty and independence of the United States of America. A second clique of international members in the CFR comprises the Wall Street international bankers and their key agents. Primarily, they want the world banking monopoly from whatever power ends up in the control of GLOBAL GOVERNMENT. They would probably prefer that this be an ALL POWERFUL UNITED NATIONS ORGANIZATION; but they are also prepared to deal with and for a ONE-WORLD GOVERNMENT controlled by the Soviet communists if U.S. sovereignty is ever surrendered to them." - Rear Admiral Chester Ward — former CFR member, *Review of the News* Apr. 9 1980 pg. 37 (*Unseen Hand* pg. 197)

“These master (Council on Foreign Relations and the Trilateral Commission) interests are working in concert with the masters of the Kremlin in order to create A NEW WORLD ORDER.” - Senator Jesse Helms

### **Council on Foreign Relations**

“The Trilateral Commission doesn't secretly run the world. The Council on Foreign Relations

does that.” — Sir Winston Lord, President of Council on Foreign Relations, 1978 (see *Aid & Abet* Vol 2 No. 2 pg. 7)

“The ultimate aim of the council on Foreign Relations (CFR) is to create a ONE—WORLD SOCIALIST system and make the United States an official part of it.” - Senator Dan Smoot — *Unseen Hand* pg. 197

We need “to evolve regional approaches to development needs and to the evolution of a NEW WORLD ORDER.” — Richard Nixon, in Oct. 1967 issue of Foreign Affairs magazine, published by CFR

“once the ruling members of the CFR have decided that the U.S. Government should adopt a particular policy, the very substantial research facilities of CFR (the Tavistock Institute) are put to work to develop arguments, intellectual and emotional, to support the new policy, and TO CONFOUND AND DISCREDIT, intellectually and politically, any opposition.” The CFR has as a goal ‘submergence of U.S. sovereignty and national independence into an all powerful one—world government. This lust to surrender the sovereignty and independence of the U.S. is pervasive throughout most of the membership. In the entire CFR lexicon, there is no term of revulsion carrying a meaning so deep as ‘America First’.” — Admiral Chester Ward, former Judge Advocate General—U.S. Navy (*Shadows* pg. 9)

The word “Establishment” is a general term for the POWER ELITE in international finance, business, the professions and government, largely from the northeast, who wield most of the power regardless of who is in the White House.

Most people are unaware of the existence of this “legitimate Mafia.” Yet the power of the Establishment makes itself felt from the professor who seeks a foundation grant, to the candidate for a cabinet post or State Department job. It affects the nation’s policies in almost every area.

Through the Roosevelt, Truman, Eisenhower and Kennedy administrations (and beyond) its ideology (has been) constant: That the best way to fight Communism is by a One World Socialist state governed by “experts” like themselves. The result has been policies which favour the growth of the superstate, gradual surrender of U.S. sovereignty to the United Nations and a steady retreat in the face of communist aggression." - Edith Kermit Roosevelt — Granddaughter of Pres. Theo. Roosevelt (*Shadows* pg. 14)

### **Socialism/Communism/Marxism**

"Whatever the price of the Chinese Revolution (as many as 64 Million Killed), it has obviously succeeded not only in producing a more efficient and dedicated administration, but also in fostering HIGH MORALE and community purpose. The social(ist) experiment of China under Chairman Mao's leadership is one of the most important and successful in human history." — David Rockefeller — August 10, 1973 “From a China Traveler” (*Unseen Hand* pg. 217) referring to the enslavement of the Chinese under Communism:

“The political world of the Open Conspiracy must weaken, efface, incorporate and SUPERSEDE EXISTING GOVERNMENTS. The Open Conspiracy is the natural inheritor of socialist and communist enthusiasms; it may be in control of Moscow before it is in control of New York. The character of the Open Conspiracy will now be plainly displayed. It will be a world religion. This large loose assimilatory mass of groups and societies will be definitely and obviously attempting to swallow up the entire population of the world and become the NEW HUMAN COMMUNITY. — I.G. Wells, well known Fabian Socialist author - in his book *The Open Conspiracy: Blue Prints for a World Revolution*, 1928.

"Where the ends they seek are concerned, Socialism and communism are virtually interchangeable terms. Indeed, Lenin's party continued to call itself "Social Democrat" until the Seventh Party Congress of March 1918, when it substituted the term, "Bolshevik" as a protest against the non-revolutionary attitude of the socialist parties of the West." — Pres. Ezra Taft Benson - *A Race Against Time* , Dec. 10, 1963 BYU

"The American people will never knowingly adopt Socialism, but under the name of Liberalism, they will adopt every fragment of the socialist program until one day America will be a Socialist nation without knowing how it happened. The United States is making greater strides toward Socialism under Eisenhower than under President Franklin D. Roosevelt." — Norman Thomas, presidential Candidate of Socialist Party of America — *Two Worlds* pg. 152 (*Unseen Hand* pg. 249)

"When you speak of peace, the Communists mean the cessation of all opposition of communism, the acceptance of a communist world. Then, and only then, can there be peace. This alone is what peace means in Communist language. once this is understood the utter falsity and hypocrisy of Communist references to peace becomes at once obvious. When Marx was asked one time what was his objective, he answered, 'To dethrone God'." — Pres. David O. McKay, BYU 1960

"WAR TO THE HILT between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack.. .to win we shall need the element of surprise. The bourgeoisie will have to be put to sleep, lulled into a feeling of security. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will jump at another chance to be friends, our day will come in another 30 to 40 years or so. AS SOON AS THEIR GUARD IS DOWN, WE SHALL SMASH THEM WITH OUR CLENCHED FIST." — Dimitry Z. Manuilsky, Lecture at Lenin School on Political Warfare, Moscow 1931

"To the Soviets, disarmament treaties are a way to get the West to disarm without having to disarm themselves. While negotiating, the Soviets moved 70,085 pieces of heavy military equipment (that would have been destroyed by treaty) to huge shelters across the Urals. They have reneged on verification procedures." — Tom Anderson *Straight Talk* Oct. 31, 1991

"A dying laissez-faire must be completely destroyed and all of us, including the 'owners', must be subjected to a large degree of SOCIAL CONTROL. An equitable distribution of income will be sought. And the major function of the school is the social orientation of the individual. It must seek to give him understanding of the transition to a NEW SOCIAL ORDER." - Willard Givens, Executive Secretary to National Education Association (NEA), published statement given in 1934

"National socialism WILL USE its own revolution for the establishing of a NEW WORLD ORDER. National socialism is more than a religion; it is the will to create superman. We are barbarians, and barbarians we wish to remain. It is we who will rejuvenate the world. The present world is near its end. Our only task is to sack it. He who has seen in National Socialism only a political movement has seen nothing!" — Adolph Hitler —*The Occult & the Third Reich* pgs. 155,120,192,174

"It is therefore a profound truth that Socialism is the natural enemy of religion. A Christian Socialist is in fact an Anti-Socialist. Christianity is the anti-thesis of Socialism." — *Socialism and Religion* - published by Socialist Party of Great Britain (Epperson, *NWO* pg. 11)

"Marxism represents a further vital and creative stage in the maturing of man's universal vision. Marxism is simultaneously a victory of the external, active man over the inner, passive man and a victory of reason over belief. (Belief or faith in God?) Marxism has served as a mechanism of human progress, even if its practice has often fallen short of its ideals. Marxism, in the form of

communism, represented a major advance in man's ability to conceptualize his relationship to the world. (Spoken like a true humanist/atheist— Ed. Note) — Zbigniew Brezhinsky — Exec. Dir of TC, Highly trusted advisor to five US presidents — in “Between Two Ages” pg. 72—74 (see Epperson pg. 124)

"The paths we are following, if we move forward thereon will inevitably lead us to socialism or communism, and these two are as alike as two peas in a pod in their ultimate effect upon our liberties. Arid never forget for one moment that communism and socialism are state slavery. World conquest (New World Order?) has been, is now, and ever will be its ultimate goal." - Pres. J. Reuben Clark

“Mr. Nixon is probably not a great reader of Marx, but his advisors Drs. Burns, Shultz and McCracken are excellent scholars who know him well and could have brought the President abreast, and it is beyond denying that the crisis that aided the rush into socialism WAS ENGINEERED BY THE ADMINISTRATION! Certainly the least predicted development under the Nixon Administration was this great new thrust into socialism.” - Harvard Professor John Kenneth Galbraith, a professed socialist - in *New York Magazine* Sept. 1970 entitled “Nixon and the Great Socialist Revival’ (see *None Dare* pg. 26)

"We must do everything in our power to avoid irritating and antagonizing the communists. They are, after all merely rough and crude socialists and we must avoid doing anything that would escalate into a war. In fact, what we should do is to help them to develop so that they will mature and outgrow their violent impulses. In this way the communists will move somewhat over in our direction. At the same time we must move our country over toward the left with more and more socialism until, ultimately, the two will merge. Each country will then give up its armaments and armed forces and place them in the hands of a one-World Government." - Walt W. Rostow, chief planner for the State Dept. - *A Proposal: Key to an Effective Foreign Policy* — E.T. Benson “A Race Against Time” Dec. 10, 1963 BYU

"What appears, on the surface at least, to be by far the worst danger spot, for the standpoint of disloyal and subversive activity is the United Nations. Pres. J. Reuben Clark's declarations on the United Nations Charter and the “travesty on exhaustive consideration” as the charter was hastily approved by the congress, under urging from the State Dept., he continues with a devastating analysis and a sober warning to the American people that there will be a day of reckoning. I believe that day is near at hand. The hopes and the aspirations of the people have been betrayed. Let us have no further blind devotion to the communist—dominated United Nations." - Pres. Ezra Taft Benson — *A Race Against Time* Dec. 10, 1963 BYU

"I made it quite clear that Socialism means equality of income or nothing, and that under Socialism you would not be allowed to be poor. You would be forcibly fed, clothed, lodged, taught, and employed whether you liked it or not. If it were discovered that you had not character and industry enough to be worth all this trouble, you might possibly be executed in a kindly manner; but whilst you were permitted to live you would have to live well." - George Bernard Shaw - *Intelligent Woman's Guide to Socialism and Capitalism*.

The ten planks of the Communist Manifesto:

1. Abolition of Private Property (Federal govt. owns over 35% of Land in America - this is unconstitutional)
2. A heavy progressive or graduated income tax (Established in 1913 in America, now takes 5 months work to pay)
3. Abolition of all right of inheritance (U.S. Inheritance Tax established in 1916)
4. Confiscation of the property of all emigrants and rebels (As of 1980, Americans have great difficulty taking money out of the country, and every-

- one knows about confiscation of property and rights of tax protesters)
5. Centralization of credit in the hands of the State by means of a national bank with State capital and an exclusive monopoly (The most insidious evil ever perpetrated on man is the Federal Reserve monopoly, established by devious means in 1913)
  6. Centralization of the means of communication and transport in the hands of the state. (Fed. Comm. Commission in 1934, and Fed. Trade Commission in 1916)
  7. Factories and instruments of production owned by the State, cultivation of waste lands, Control of the soil by common plan (Amtrak, TVA, govt. loans to Big Business, BLM [Bureau of Land Management], Soil Conservation Plan)
  8. Equal liability of all to labor, establish industrial armies CCC, Employment laws, FICA, Welfare,)
  9. Equal distribution of the populace over the country (see Urban Renewal and Govt. Housing Projects, HEW)
  10. 'Free' education for all children in public schools (The Govt. forces children into these "freed public schools in Amerika, and parents are seen as inferior teachers when compared with Govt. Schools)

"You will recall that the first act of the Marxists, who were surreptitiously infiltrated into key positions in our government in 1933, was to depreciate the dollar and deny to the American people the right of redemption because these conspirators had learned from Karl Marx that the surest way to overturn the social order was to debauch the currency. To accomplish this they installed the Laske—Keynes—Marxist monetary system of a so-called 'managed currency.'" — Hon. John T. Wood - *American Mercury*, May 1957, pg. 145

### **"Change" (control) Through "Education"**

"By the year 2000 we will raise our children to believe in human potential, not God." Gloria Steinam, *Saturday Review of Education*, Mar. 1973.

"We are living in a perilous period of transition from the era of the fully sovereign nation-state to the era of world government, and a deliberate search for methods and means by which American children may best be educated into responsible citizens not merely of the United States but of the world." - James Warburg, CFR & son of World Banker Paul Warburg, in "The West in Crisis" 1959

"We must win the common people in every corner. This will be obtained chiefly by the means of the schools. We must acquire the direction of education, of the professorial chair, of church, and of the pulpit." - Adam Weishaupt, founder of the Illuminati, *proofs of a Conspiracy* pg. 109-111

"The organization of this that I call the Open Conspiracy, which will ultimately supply teaching, COERCIVE and direct public services to the whole world, is the immediate task before all people, a planned WORLD—STATE is appearing AT A THOUSANDS POINTS. When accident (or crisis) finally precipitates it, its coming is likely to happen very quickly. Sometimes I feel that GENERATIONS OF PROPAGANDA and education may have to precede it. There must be a common faith and law for mankind. The main battle is an educational battle" - H.G. Wells, Fabian Socialist author, in *Experiment in Autobiography*, 1934

"There is no God and no soul. Hence, there are no needs for the props of traditional religion. With dogma and creed excluded then immutable truth is also dead and buried. There is no room for fixed, natural law or permanent absolutes." John Dewey, the father of American Progressive Education, the leading educator from 1924 to 1974, signer of the Humanist Manifesto, 1933; and

teacher of Rockefeller Brothers; of whom is claimed by a major poll of educators, "No individual has influenced the thinking of American educators more."

"I think that the most important factor moving us toward a secular (Non-Christian) society has been the educational factor. our schools may not teach Johnny to read, but the fact that Johnny is in school until he is sixteen tends to lead toward the elimination of religious superstition. The average American child now acquires a high school education, and this MILITATES AGAINST ADAM AND EVE and other myths of alleged history." — Paul Blanchard, *Secular Humanism* pg. 18

"Education is thus a most powerful ally of Humanism, and every American public school is a school of Humanism. What can theistic Sunday-schools, meeting for an hour once a week and teaching only a fraction of the children, do to stem the tide of a five—day program of humanistic teaching." — Charles Francis Potter, *Humanism: A New Religion*

"Every child in America who enters school at the age of five is mentally ill, because he comes to school with allegiance toward our elected officials, toward our founding fathers, toward our institutions, toward the preservation of this form of government. . . patriotism, nationalism, sovereignty... . All of that proves the children are sick, because the truly well individual is one who has rejected all of those things and is what I would call the true international child of the future." — Dr. Pierce of Harvard Univ., Lecture to teachers in Denver, Cob. 1973

What the Church has been for medieval man, the public school must become for democratic and rational man. GOD WOULD BE REPLACED BY THE CONCEPT OF THE PUBLIC GOOD." - Horace Mann, father of public education

"Teachers are the major resource through which to effect a world community." - NEA Idea-book, National Education Association, 1975 - Foreword

"I am convinced that the battle for humankind's future must be waged and won in the public school classrooms by teachers who correctly perceive their role as the new proselytisers of a NEW FAITH, A RELIGION OF HUMANITY. These teachers must embody the same selfless dedication as the most rabid fundamentalist preacher. The classroom must and will become an arena of conflict between the old and the new—the rotting corpse of Christianity, together with all its adjacent evils and misery, and the new faith (humanism), resplendent in its promise." - John Dunphy, "A Religion for the New Age," *Humanist Magazine*.

"Parents don't mean to be incompetent but they are, and the remedy is federal establishment of acceptable standards of child—raising." - German White, U.S. Office of Child Development, *The Review of the News*, 3-10—76: "The educational philosophy of today becomes the political policy of tomorrow." - Abraham Lincoln

"In our dreams, we have limitless resources and the people yield themselves with perfect docility to our moulding hands. . . Unhampered by tradition, we work our good will upon a grateful and responsive rural folk." - Frederick T. Gates, Chairman of the U.S. General Education Board, discussing the goals of the board, *Occasional Letter #1*, General Education Board.

Train up a child in the way he should go, and when he is old his will not depart from it." - *The Holy Bible*, "Proverbs 22:6."

(Ed. Note - Evaluate your children's curriculum to see if they are being taught the principles of humanism, globalism, evolution, environmentalism, and socialism as perpetrated by: Karl Marx, Charles Darwin, John Dewey, John Maynard Keynes, Neitzsche, B.F. Skinner, Kissinger, Plato, Beard, Carl Sagan, Horace Mann, Gloria Steinam, Norman Lear, F. D. Roosevelt, Freud, Kurt Lewin, Hegel, Robert Owen, James Harris, Galbraith, and many other modern philosophers.)

## Illuminati

“Behold our secret; If in order to destroy all Christianity, all religion, we have pretended to have the sole true religion, remember that the end justifies the means, and that the wise ought to take all the means to do good which the wicked take to do evil. This can be done in no other way but by secret associations, which will by degrees, and in silence, possess themselves of the government of the States, and make use of those means for this purpose which the wicked use for attaining base ends. The express aim of this Order was to abolish Christianity, and overthrow all civil government.” - Adam Weishaupt, founder of the Illuminati May 1 1776 (see Epperson, *NWO* pg. 16)

"We must win the common people in every corner. This will be obtained chiefly by the means of the schools. We must acquire the direction of education, of the professorial chair, of church, and of the pulpit." - Adam Weishaupt, founder of the Illuminati, *proofs of a Conspiracy* pg. 109-111

## Political Intrigue

"The world is governed by very different personages from what is imagined by those who are not behind the scenes." — Sir Benjamin Disraeli, England's statesman [*Jewish* British Prime Minister].

"The real rulers in Washington are invisible, and exercise power from behind the scenes." - Felix Frankfurter, Justice of the U.S. Supreme Court.

In July, 1990, the Bush Administration watched for two weeks as Saddam Hussein amassed his forces along the Kuwait border, then sent in April Glaspie, Ambassador to Iraq, to meet with Hussein. Ambassador Glaspie listened to Saddam's threats to invade Kuwait and then expressed sympathy for Saddam's position, saying "I know you need funds. We understand that and our opinion is that you should have the opportunity to rebuild your country. But we have NO OPINION on the Arab-Arab conflicts such as you border disagreement with Kuwait." - David Funderburk U.S. Ambassador to Romania — in *Betrayal of America* pg. 128

"The high office of the president has been used to foment a plot to destroy America's freedom, and before I leave office, I must inform the citizens of their plight." - Pres. John F. Kennedy; in a speech at Columbia University, 1963; tens days before he was assassinated.

### **“Everything I am, I owe to David Rockefeller.” - George Bush**

"The Institute of Pacific Relations (funded by the Establishment with the CFR as parent organization and was largely responsible for China's fall to Communism) was a vehicle used by the Communists to orient American Far Eastern policies toward Communist objectives. Members of the small core of officials and staff" — Senate Committee on the Judiciary, 1952 (*Shadows* pg. 88)

"Castro could not have seized power in Cuba without the aid of the United States. American government agencies and the United States press played a major role in bringing Castro to power.. .As the U.S. Ambassador to Cuba during the Castro-Communist revolution of 1957—59, I had first—hand knowledge of the facts which brought about the rise of Fidel Castro... The State Department consistently intervened - positively, negatively, and by innuendo - to bring about the downfall of President Batista, thereby making it possible for Fidel Castro to take over the Government of Cuba." — U.S. Ambassador to Cuba Earl E.T. Smith in *New York Times* 1979 (*Shadows* pg. 109)

“I came to one startling conclusion: THERE IS A PLANNED AND DELIBERATE CONSPIRACY IN THE UNITED STATES to destroy that republican form of government.”

President Carter has put Nicaragua in the hands of the Communists. The betrayal of steadfast anti-Communist allies places Mr. Carter in the company of evil worldwide conspiratorial forces. I repeat, the treacherous course charted by Mr. Carter was not through ignorance, but BY DESIGN When THE UNITED STATES ASSUMES LEADERSHIP IN A CONSPIRATORIAL FASHION TO ANNIHILATE ANTI-COMMUNIST NATIONS, I believe it is my duty to speak out. When I have factual evidence that the United States has actually aided and abetted the evil forces of Communism, I believe the people of the United States should share in such facts and incontrovertible manifestations." - Nicaragua President Somoza — just weeks before he met with violent death for this revelation (*Unseen Hand* pg. 244)

After the election, Reagan: “assembled a transition team which would later select, screen and recommend appointees for major administration posts. of the fifty-nine people Reagan named to that team, twenty—eight were members of the CFR, ten belonged to the secret and elite Bilderberg group, and no less than ten were Trilaterals.” - Antony Sutton - Trilaterals over Washington (*Unseen Hand* pg. 247)

“This Godless society (the worldwide conspiracy) operates in an extremely efficient manner at least in its higher levels of leadership. It makes use of every possible means at its disposal, be they scientific, technical, social or economic. It follows a perfectly mapped-out strategy. It holds ALMOST COMPLETE SWAY in international organizations, in financial circles, in the field of mass communications; press, cinema, radio and television.” - Father Pedro Arrupe Head of the Jesuit order of the Roman Catholic Church — UPI Story of December 27, 1965 - Remarks to the Ecumenical Council (see *None Dare* pg. 13)

“We are not going to change Soviet power, of course, or abandon its fundamental principles, but we acknowledge the need for changes that will strengthen socialism.” - Mikhail Gorbachev - Perestroika

“The Soviet Empire is not disintegrating as the Western press and leaders keep telling us. It is restructuring, rearranging, reorganizing, and rearming preparatory to its final thrust for world domination over the next five to ten years” - Donald McAlvany *MIA* Oct 91

“Through restructuring (perestroika) we want to give Socialism a second wind. To achieve this, the Communist Party of the Soviet Union returns to the origins and principles of the Bolshevik Revolution, to the Leninist ideas about the construction of a new society.” - Mikhail Gorbachev , 1989

"In October 1917, we parted with the old world, rejecting it once and for all. We are moving toward a new world, the world of communism. We shall never turn off that road." - Mikhail Gorbachev , 1987

“Don’t they understand that Gorbachev is still a committed Communist and won’t change?” - Newly elected Pres. Boris Yeltsin, while visiting Washington, 1991

"We advance through retreat. . .when we are weak, we boast of strength, and when we are strong, we feign weakness." (The old dialectic Leninist doctrine of taking two steps forward and then one back to confuse your enemies is certainly being applied by his disciple, Gorbachev, today - Ed. Note) - Lenin quoting Sun Tsu

"The KGB has had six name changes since 1917: 1) CHEKA; 2) OGPU; 3) GPU; 4) NKVD; 5) MVD; and 6) KGB. All of those name changes were accompanied by purges (where thousands of heads at the top rolled), by restructuring or reorganization, by and expansion of the role of the

secret police, and by public pronouncements that the secret police had been abolished." — World Book Encyclopaedia 1979

"It should be remembered that the Communist Party of the Soviet Union has undergone a number of changes in its name: At its inception, it was called the Russian Social Democratic Worker's Party. In 1912, following an internal feud, it split into the Bolsheviks and the Mensheviks (the "big ones" and the "little ones"). The big ones ate the little ones. The name then became the Russian Social Democratic Workers Party of Bolsheviks. In 1918, it became the Russian Communist Party (Bolshevik). In 1925, the name changed to the All-Soviet Communist Party (Bolshevik). In 1952, it became the Communist Party of the Soviet Union, which it has remained until the present (World Book Encyclopaedia). "It is now about to be renamed again (probably to the Social Democratic Party)" — Donald McAlvany *MIA* Oct 91

"The Communists believe that Americans and most Westerners are shallow, superficial, gullible, and easily seduced by media-generated illusions. Hence, if they change the name of one of their fronts or parties, and declare the old organization to be dead, most Westerners will believe it" - Donald McAlvany *MIA* Oct.91

(Ed. note — For decades they have changed the names of their Communist front organizations in this manner. They just renamed the Communist Party of Italy, now calling it the Democratic Party. In Poland, they renamed the Communist Party to the Social Democratic Party. The 1928 United States Army Training Manual defines Democracy as: "A government of the masses. Authority derived through mass meeting or any form of direct expression. RESULTS IN MOBOCRACY, attitude toward property is communistic--negating property rights. Attitude toward law is that the will of the majority shall regulate, whether it be based upon deliberation or governed by passion, prejudice, and impulse, without restraint or regard to consequence. Results in demagogism, license, agitation, discontent, anarchy." see Unseen Hand pg. 33 our Founding Fathers established a government which is a representative republic, NOT a democracy —THEY ABHORRED PURE DEMOCRACY, or rule by the mass majority. They believed in a government based on and ruled by law and which protected every single individual in his God—given rights, not to be infringed upon by the will of the majority)

"The adoption of democracy is fatal to good government, to liberty, to law and order, to respect for authority, and to religion, and must produce chaos from which a NEW WORLD tyranny will arise. You can never have revolution in order to establish a democracy. You must have democracy in order to have a revolution" - Robert Welch - *Republics and Democracies* pg. 7

"WAR TO THE HILT between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack...to win we shall need the element of surprise. The bourgeoisie will have to be put to sleep, lulled into a feeling of security. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will jump at another chance to be friends, our day will come in another 30 to 40 years or so. AS SOON AS THEIR GUARD IS DOWN, WE SHALL SMASH THEM WITH OUR CLENCHED FIST." — Dimitry Z. Manuilsky, Lecture at Lenin School on Political Warfare, Moscow 1931.

"our aim is to gain control of the two great treasure houses on which the West depends: The energy treasure house of the Persian Gulf, and the minerals treasure house of central and southern Africa." - Leonid Brezhnev, 1973

"In the struggle for peace and social progress the Communist Party of the Soviet Union pursues a consistent policy of rallying the FORCES of the international communist and working—class movement in every possible way. We uphold the historic justness of the GREAT ideas of Marxism-Leninism, and along with all the revolutionary and peace loving forces of mankind,

stand for social progress, and peace and security for all nations. This is what should determine the resolute nature of our propaganda." - Mikhail Gorbachev - Dec. 11, 1984

"The upcoming Soviet strategies include "the introduction of the false liberalization in Eastern Europe and , probably, in the Soviet Union and the exhibition of spurious independence on the part of the regimes in Romania, Czechoslovakia, and Poland. The KGB would [be] reformed. Dissolution of the Warsaw Pact would have little effect on the coordination of the communist bloc. The pressure on the United States for concessions on disarmament and accommodation with the Soviets will increase. During this period there might be an extensive display of the FICTIONAL STRUGGLE FOR POWER IN THE SOVIET LEADERSHIP." - KGB Defector Anatoliy Golitsyn, in *New Lies for old*, published in 1984, but revealed to CIA in 1970's

Deng Xiaoping (the butcher of Tiananmen Square — Ed. note) is one of the pre—eminent statesmen of our time. We don't wish (his) government ill." - Pres. George Bush — Feb 26, 1989 (see *Betrayal of America* pg. 34)

"The former republics of the Soviet Union are still producing and deploying nuclear weapons despite their commitment to reduce those arsenals. one of the things I'm concerned about is that we will see, even at this late date, even with their economy in a state of utter collapse . . . efforts inside the former Soviet Union to produce more nuclear weapons, to deploy new ballistic missiles targeted against the United States." - Defence Sec. Richard Cheney — Jan. 1992 — reported in Mar 19,1992 *Straight Talk*.

"Perestroika is no retreat from Communism but rather a step toward the final realization of Marxist-Leninist utopia; a continuation of Lenin's ideas. Those who expect us to give up communism WILL BE DISAPPOINTED." - Mikhail Gorbachev to the politburo, Nov. 1987 (*Betrayal of America* pg. 49)

"There is no greater advocate of Perestroika than the President of the United States." - Pres. George Bush, to American people Nov. 22, 1989 (*Betrayal of America* pg. 49)

"Gorbachev inspires utmost distrust...and may well pass into history not as the architect of perestroika but as the architect of genocide." - Elena Bonner, wife of Andrei Sakharov, *Freedom at Issue* July 1990 (*Betrayal of America*, pg.54)

"Comrades, do not be concerned about all you hear about glasnost and democracy. These are primarily for outward consumption. There will be no serious internal change in the USSR other than for cosmetic purposes. Our purpose is to DISARM AMERICA and let them fall asleep. We want to accomplish three things: (1) the Americans to withdraw conventional forces from Europe, (2) the Americans to withdraw nuclear forces from Europe, and (3) the Americans to stop proceeding with the SDI." - Mikhail Gorbachev - to Politburo Nov. 1987 - *Foundations of Liberty* Pg. 92 (*Betrayal of America* pg. 57)

### **Press/Media**

"There is no such thing as an independent press in America --- Not a man among you dares to utter his honest opinion. . . . You know beforehand that it would never appear in print. It is the duty of New York journalists to lie, to revile, to toady at the feet of MAMMON, and to SELL his country and his race for his daily bread, We are the tools and the vassals of the rich behind the scenes. We are marionettes. These men pull the strings and we dance, our time, our talents, our lives, and our capacities are all the property of these men, we are intellectual prostitutes." - John Swinton, Editor of New York Times @ Amer. Press Assoc. 1914

"In March, 1915, the J.P. Morgan interests got together 12 men high up in the newspaper world

and employed them to select the most influential newspapers in the United States, and sufficient number of them to CONTROL generally the policy of the daily press of the U.S.

These 12 men worked the problem out by selecting 179 newspapers, and then began by a elimination process to retain only those necessary for the purpose of controlling. They found it was necessary to purchase control of 25 of the greatest papers.

An editor was furnished for each paper to properly supervise and edit information regarding the questions of preparedness, militarism, financial policies, and other things of national and international nature considered vital to THE INTERESTS OF THE PURCHASERS. (International Bankers — Ed. Note) - Congressman Oscar Callaway — Congressional Record, Feb 9, 1917 (*Unseen Hand* pg. 200)

“We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meeting and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the world is now more sophisticated and PREPARED TO MARCH TOWARDS A WORLD GOVERNMENT! The supranational sovereignty of an INTELLECTUAL ELITE AND WORLD BANKERS is surely preferable to the national autodetermination practiced in past centuries.” — David Rockefeller, CFR, & TC, International Banker, speaking to The Bilderbergers Conference June 1991 in Germany (see *H du B Reports* Sept 1991 Issue)

“As civilization becomes more complex, and as the need for invisible government has been increasingly demonstrated, the technical means have been invented and developed by which PUBLIC OPINION MAY BE REGIMENTED. With printing press and newspaper, the telephone, telegraph, radio, (television) and airplanes, ideas can be spread rapidly, and even instantaneously, across the whole of America.

The conscious and intelligent manipulation of organized habits and opinions of the masses is an important element in a democratic society. Those who manipulate this unseen mechanism of society constitute an INVISIBLE GOVERNMENT WHICH IS THE TRUE RULING POWER IN OUR COUNTRY.

We are governed, our minds are moulded, our tastes formed, our ideas suggested, largely by men we have never heard of. What ever attitude one chooses to take toward this condition, it remains a fact that in almost every act of our daily lives, whether in the sphere of politics or business, our social conduct or our ethical thinking, we are dominated by a relatively small number of persons, a trifling fraction of our hundred and twenty million, who understand the mental processes and social patterns of the masses. IT IS THEY WHO PULL THE WIRES WHICH CONTROL THE PUBLIC MIND, and who harness old social forces and CONTRIVE NEW WAYS TO BIND AND GUIDE THE WORLD.” - Edward Bernays, in his book- *Propaganda* published 1928, former director of CBS.

### **Abortion, 'Population' Control**

"Therefore, at best ten percent of the defense budget must be allocated to birth control and abortion in the U.S. and abroad." - The Environmental Handbook for Earth Day 1970.

"Whereas, Earth Day 1970 awakened people to the issues, Earth Day 1990 needs to make the environment the screen through which all other decisions are made." - Christina Dresser — Earth Day 1990 Executive Director

"Some economists and analysts agree that, if we continue consuming resources as we are now, the only way to bring about a balance between demand and supply will be through AUTHORI-

TARIAN CONTROLS." — Lawrence Rockefeller - Earth Day 1990 Director

"One plan often mentioned involves the addition of temporary sterilants to water supplies or staple food. Doses of the antidote would be carefully rationed by the government to produce the desired population size." - Paul Ehrlich — Earth Day 1990 Director quoted from *The Population Bomb* [Can anybody say FLUORIDE?]

"Food shortages will be to the 1990's what energy shortages have been to the 1970's and 80's." (Yeah, both contrived and orchestrated-ED. NOTE) — Armand Hammer — Chairman Occidental Petroleum CFR

### **Extreme Environmentalism**

"We must "heighten public awareness of the need for active participation in the protection of the environment and to promote the formation of an international alliance that responds to global environmental concerns." - George Bush - Jan. 3, 1990 Proclamation of April 22, 1990 as Earth Day

"By playing upon forces of impending social and environmental chaos, the Left (Conspiracy) is hoping to convert sincere and legitimate concern over our environment into acceptance of government CONTROL of that environment. The object is federal (or conspiracy) CONTROL of the environment in which we all must live." - Gary Allen , *American Opinion* May 1970 pg. 2

### **New Age Religion — Worshiping Lucifer (Satan) and/or Man as God**

"No one will enter the NEW WORLD ORDER unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a Luciferic initiation." - David Spangler-Director of the United Nation NGO's "Planetary Initiative."

"By the year 2000 we will raise our children to believe in human potential, not God." Gloria Steinam, *Saturday Review of Education*, Mar. 1973

"Education is thus a most powerful ally of Humanism, and every American public school is a school of Humanism. What can theistic Sunday-schools, meeting for an hour once a week and teaching only a fraction of the children, do to stem the tide of a five—day program of humanistic teaching." - Charles Francis Potter, *Humanism: A New Religion*

The NEW AGE has already dawned, and a NEW financial WORLD ORDER is fast taking shape." — Sec. of State George Schultz — Jan. 3, 1987 in *The Oregonian*

"Ultimately, the driving force behind the New Age movement is nothing other than LUCIFER'S DESIRE to be worshipped as God." - Thessilia Slink.

"During Earth Day April 22, 1990 - to 2.5 billion people through a world wide telecommunications satellite link during a special meditation session: "This will bring about a global mind link that will prepare the world for some great event in 1992 or 1993." — Jose Aquyas - Director Earth Day 1990

"Humanism is the denial of God and the total affirmation of man. Humanism is really nothing else but Marxism." - [the Jewish] Karl Marx, *Economic Politigue et Philsophie*: "It is absurd to say that one is a humanist but not a feminist. Feminism is the last evolutionary development of humanism. Feminism is humanism on its most advanced level." - Raine Eisler, *Humanist Magazine* Nov/Dec 1980, Author of *Equal Rights ERA Handbook*.

"Is there a number or mark planned for the hand or forehead in a new cashless society? Yes, and I have seen the machines that are now ready to put it into operation." - Ralph Nader

"The next century can be and should be the humanistic century. We stand at the dawn of a NEW AGE, a secular society on a planetary scale. As non-theists, we begin with humans not God, nature not deity. We deplore the division of humankind on nationalistic grounds. Thus we look to the development of a system of world law and a WORLD ORDER based upon transnational federal government. The true revolution is occurring." - *Humanist Manifesto II*, published in 1973

"1934 marks the beginning of the organizing of the men and women, the group work of a NEW ORDER, with progress defined by service, the work of the Brotherhood, the forces of Light, and out of the spoliation of all existing culture and civilization, the NEW WORLD ORDER must be built." - Alice Bailey, occultist, in *Externalization of the Hierarchy*, published in 1934 by the **Lucis Trust**, formerly **Lucifer Publishing Company**, wherein she first used the phrase "Points of Light" in connection with a "New Group of World Servers"

What the Church has been for medieval man, the public school must become for democratic and rational man. GOD WOULD BE REPLACED BY THE CONCEPT OF THE PUBLIC GOOD."  
- Horace Mann, father of public education

"When you speak of peace, the Communists mean the cessation of all opposition of communism, the acceptance of a communist world. Then, and only then, can there be peace. This alone is what peace means in Communist language. once this is understood the utter falsity and hypocrisy of Communist references to peace becomes at once obvious. **When [Karl] Marx was asked one time what was his objective, he answered, 'To dethrone God'.**" - Pres. David O. McKay, BYU 1960

"I am convinced that the battle for humankind's future must be waged and won in the public school classrooms by teachers who correctly perceive their role as the new proselytisers of a NEW FAITH, A RELIGION OF HUMANITY. These teachers must embody the same selfless dedication as the most rabid fundamentalist preacher. The classroom must and will become an arena of conflict between the old and the new—the rotting corpse of Christianity, together with all its adjacent evils and misery, and the new faith (humanism), resplendent in its promise." - John Dunphy, "A Religion for the New Age," *Humanist Magazine*.

## Financial

"Permit me to issue and control the money of a nation, and I care not who makes its laws!" - Mayer Anselm Rothschild.

"NO STATE SHALL EMIT BILLS OF CREDIT (Paper money), (or) MAKE ANY THING BUT GOLD AND SILVER COIN A TENDER IN PAYMENT OF DEBTS." - *Constitution of the United States* "Article 1, Section 10" (never rescinded, nor superseded)

"The Federal Reserve (Bank) is one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my voice who does not know that this Nation is run by the International Bankers." - Congressman Louis T. McFadden

"If the American people ever allow the banks to control the issuance of their currency (instead of Congress), first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of ALL PROPERTY until their children will wake up homeless on the continent their fathers occupied. The issuing power of money should be taken from the banks and restored to Congress and the people to whom it belongs." - Thomas Jefferson, quoted in *The Story of our Money* by Olive Cushing Dwinell

“People who will not turn a shovel full of dirt on the project (Muscle Shoals Darn) nor contribute a pound of material, will collect more money from the United States than will the People who supply all the material and do all the work. This is the terrible thing about interest. . . But here is the point: If the Nation can issue a dollar bond it can issue a dollar bill. The element that makes the bond good makes the bill good also. The difference between the bond and the bill is that the bond lets the money broker collect twice the amount of the bond and an additional 20%. Whereas the currency, the honest sort provided by the Constitution, pays nobody but those who contribute in some useful way. It is absurd to say our Country can issue bonds and cannot issue currency. Both are promises to pay, but one fattens the usurer and the other helps the People. If the currency issued by the People were no good, then the bonds would be no good either. It is a terrible situation when the Government, to insure the National Wealth, must go in debt and submit to ruinous interest charges at the hands of men who control the fictitious value of Gold. INTEREST IS THE INVENTION OF SATAN! The people have an instinct which tells them that something is wrong, and that the wrong somehow centres in money. Don't allow them to confuse you with the cry of “paper money”. The danger of paper money is precisely the danger of gold—if you get too much it is NO GOOD! - Thomas A. Edison

“A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the Nation and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated Governments in the world—no longer a Government of free opinion, no longer a Government by conviction and vote of the majority, but a Government by the opinion and duress of small groups of dominant men.” (Just before he died, Wilson is reported to have stated to friends that he had been “deceived” and that “I have betrayed my country.” He referred to the Federal Reserve Act passed during his Presidency.) - Pres. Woodrow Wilson.

“Whoever controls the volume of money in any country is absolute master of all industry and commerce.” - Pres. James A. Garfield

“Banking was conceived in iniquity and was born in sin. The Bankers own the earth. Take it away from them, but leave them the power to create deposits, and with the flick of the pen they will create enough deposits to buy it back again. However, take it away from them, and all the great fortunes disappear, and they ought to disappear, for this would be a happier and better world to live in. But, if you wish to remain the slaves of Bankers and pay the cost of your own slavery, let them continue to create money and control credit. — Sir Josiah Stamp (Pres. of the Bank of England in the 1920's, and the second richest man in Britain.)

“The people must be helped to think naturally about money. They must be told what it is, and what makes it money, and what are the possible TRICKS OF THE PRESENT SYSTEM which put nations and peoples UNDER CONTROL OF THE FEW. If the American people knew the CORRUPTION IN OUR MONEY SYSTEM THERE WOULD BE REVOLUTION BEFORE MORNING!” — Henry Ford, Sr. — American Developer of the Automobile (*Emerging Struggle* pg. 165)

“Mr. Chairman, we have in this country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal Reserve Banks, hereinafter called the Fed. The Fed has cheated the government of these United States and the people of the United States out of enough money to pay the Nation's debt. The depredations and iniquities of the Fed has cost this country enough money to pay the National debt several times over. These twelve private credit monopolies were deceitfully and disloyally foisted upon this country by the bankers who came here from Europe and repaid us our hospitality by undermining our American institutions. Those bankers took money out of this country to finance Japan in a war against Russia. They created a reign of terror in Russia with our money in order to help that war along. They instigated the separate peace between Germany and Russia and thus drove a wedge between the Allies in the World War.” - Congressman Louis T. McFadden, Chairman of House

Banking Committee 1921 through 1931 — in a speech made before the House in 1934

“From those not familiar with these things, has come reluctance to accept as truth THE FACT that our government, without getting anything whatsoever in return, gives the Federal Reserve Notes to PRIVATE BANKERS for them to loan out at interest even back to the government itself. To them this seems so senseless as to be unbelievable.” - Dr. Carl F.M. Sandberg

“Lenin was certainly right, there is no more positive, or subtle or surer means of DESTROYING THE EXISTING BASIS OF SOCIETY THAN TO DEBAUCH THE CURRENCY. By a continuing process of inflation, governments CAN CONFISCATE, SECRETLY AND UNOBSERVED, AN IMPORTANT PART OF THE WEALTH OF THE CITIZENS. By this method they not only confiscate, but they confiscate arbitrarily, and while the process impoverishes many, it actually enriches some. The process engages all of THE HIDDEN FORCES of economics on the side of destruction, and does it in a manner that NOT ONE MAN IN A MILLION CAN DIAGNOSE!” - John Maynard Keynes - FDR's Adviser during New Deal— in *Economic Consequences of the Peace (Unseen Hand pg. 57)*

"Inflation (which is caused solely by printing paper money - Ed. note) takes from the old, the unorganized, and the poor and gives it to those who are strongly in control of their own incomes. Income is reallocated from the old to the people of middle years and from the poor to the rich." (I wonder whose idea it was to print fiat paper money without anything to back it up, so we could be plundered by inflation — maybe we should look at who is responsible for paper money - Ed. Note) - John Maynard Keynes , *Consumer Reports* Feb. 1979 pg. 95

“Of all the contrivances of CHEATING THE LABORING CLASSES OF MANKIND, none has been more effective than that which deludes them with paper money.” - Daniel Webster

“The modern Banking system manufactures money out of nothing. The process is perhaps the most astounding piece of sleight of hand that was ever invented. Banks can in fact inflate, mint, and un-mint the modern ledger-entry currency.” - Major L.L.B. Angas

“We are overdone with banking institutions, which have banished the precious metals, and substituted a more fluctuating and unsafe medium These are evils more easily TO BE DEPLORED than remedied. We are completely saddled and bridled, and the bank is so firmly mounted on us that we must go where it will guide.” - Thomas Jefferson, *Writings of Thomas Jefferson (Bergh) Pg. 337—338, 379—380*

“Banks lend by creating credit. They create the means of payment out of nothing.” - Ralph M. Hawtrey (Former Secretary of the British Treasury) *Encyclopaedia Britannica, volume 15, Money.*

“This is a staggering thought. We are completely dependent on the commercial Banks. Someone has to borrow every dollar we have in circulation, cash or credit. If the Banks create ample synthetic money we are prosperous; if not, we starve. We are absolutely without a permanent money system. When one gets a complete grasp of the picture, the tragic absurdity of our hopeless position is almost incredible, but there it is. It is the most important subject intelligent persons can investigate and reflect upon. It is so important that our present civilization may collapse unless it becomes widely understood and the defects remedied very soon.” - Robert H. Hemphill (Credit Manager of Federal Reserve Bank, Atlanta, Ga.)

“The bold efforts the present bank has made to control the government, the distress it has wantonly caused, are but premonitions of the fate which awaits the American people should they be DELUDED into a perpetuation of the institution or the establishment of another like it.” - Pres. Andrew Jackson - 1836 Message given at the time of his veto of bill which would renew the charter of the Second Bank of the U.S.( owned by private [Jewish] bankers).

"The Constitution of the United States UNQUESTIONABLY intended to secure to the people a circulating medium of gold and silver. But the establishment of a national bank by Congress, with the privilege of issuing paper money receivable in the payment of public dues, drove from general circulation the Constitutional currency and substituted one of paper in its place." - Pres. Andrew Jackson, Farewell Address — *Messages and Papers of Presidents* pg. 1511 (*Unseen Hand*, pg. 138)

"The system of banking is a blot left in all our Constitutions, which, if not covered, will end in their (the US citizens) destruction! Already they have raised up a monied aristocracy that has set the Government at defiance. The issuing power should be taken from the banks and restored to the people to whom it properly belongs. I sincerely believe that banking institutions are more dangerous than STANDING ARMIES! The principle of spending money to be paid by posterity. . . is but swindling futurity on a large scale!" — President Thomas Jefferson — who spent much of his presidency fighting and overcoming the evils of the First Bank of the United States, controlled and operated by the international [Jewish] bankers — in *Writings of T. Jefferson*, Bergh 15:23

"THE FINAL BATTLE FOR CHRISTIANITY will be over the money problem, and until that is solved there can be no universal application of Christianity." - *Balzac*

"The aim of the international bankers is "nothing less than to create a world system of financial control in private hands able to dominate the political system of each country, and the economy of the world as a whole. The system will be controlled in a feudal fashion, by the central banks of the world acting in concert, by SECRET agreements arrived at in frequent PRIVATE meetings and conferences." (such as Bilderbergers) The individual's "freedom and choice WILL BE CONTROLLED within very NARROW alternatives by the fact that he will be numbered from birth and followed, as a number, through his educational training, his required military or other public service, his tax contributions, his health and medical requirements, and his final retirement and death benefits." — Professor Carroll Quigley — *Tragedy and Hope* pg. 324

"The Bank of England, Bank of France, and Bank of Germany were not owned by their respective governments, as everyone imagines, but were PRIVATELY [Jewish] OWNED MONOPOLIES granted by the heads of state, usually in return for loans." — Gary Allen, *None Dare Call it Conspiracy* pg. 41

"Under the surface, the Rothschilds [Jewish] long had a powerful influence in dictating American financial laws. The law records show that they were the power in the old Bank of the United States. (Which Jefferson, Jackson and Lincoln fought against - Ed. Note) - Gustavus Myers — *History of the Great American Fortunes (Shadows)* pg. 20)

"The money power preys upon the nation in times of peace, and conspires against it in times of adversity. It is more despotic than monarchy, more insolent than autocracy, more selfish than bureaucracy. It denounces, as public enemies, all who question its methods or throw light upon its CRIMES!" - Pres. Abraham Lincoln (who was killed by the [Jewish] money power).

"If Congress has the right under the Constitution to issue paper money, it was given them to be used by themselves, not to be delegated to individuals or to corporations." (ED. Note — especially the Federal Reserve Corporation) - Pres. Andrew Jackson

"My agency in promoting the passage of the National Bank Act (Federal Reserve Act) was the greatest financial mistake of my life. It has built up a monopoly which affects every interest in the country. It should be repealed; but before that can be accomplished, the people will be arrayed on one side and the banks on the other, in a contest such as we have never seen before in this country." - Salmon P. Chase, Sec. of Treasury 1860's

“There was an occasion, near the close of 1910, when I was a secretive—indeed as furtive—AS ANY CONSPIRATOR. . . I do not feel it is any exaggeration to speak of our secret expedition to Jekyll Island as the occasion of the actual conception of what became the Federal Reserve System. We were told to leave our last names behind us. Discovery, we knew, simply must not happen, or else all our time and effort would be wasted.” — Frank Vanderlip, Pres. of Rockefellers National City Bank— in *Sat. Evening Post (Shadows of Power, pg. 22)*

"This act (Federal Reserve Act) establishes the most gigantic trust on earth... When the President signs this act the invisible government by the money power, proven to exist by the Money Trust investigation, will be legalized. The new law will create inflation whenever the (money) trusts want inflation! The money power overawes the legislative and executive forces of the Nation and of the States. I have seen these forces exerted during the different stages of this bill. The GREATEST CRIME OF CONGRESS is its currency system. The worst legislative crime of the ages is perpetrated by this banking and currency bill!" — Congressman Charles Lindbergh, *Cong. Record* Dec. 22, 1913 (*Shadows pg. 23*)

“The bill (Fed. Reserve Act) as it stands seems to me to open the way to a vast inflation of currency. I do not like to think that any law can be passed which will make it possible to submerge the gold standard in a FLOOD OF IRREDEEMABLE paper currency.” - Henry Cabot Lodge, Sr. — *Congressional Record* June 10, 1932 (see *None Dare* pg. 50)

"When the Federal Reserve Act was passed, the people of these United States did not perceive that a world banking system was being set up here. A super-state controlled by international bankers and international industrialists acting together to enslave the world for their own pleasure. Every effort has been made by the Fed (Reserve) to conceal its powers but the truth is — THE FED HAS USURPED THE GOVERNMENT!" - Congressman Louis McFadden, Chairman of House Comm. on Banking and Currency from 1920 to 1931 (*Shadows of Power, pg. 23*)

“The bill (Fed. Reserve Act) as it stands seems to me to open the way to a vast inflation of currency. I do not like to think that any law can be passed which will make it possible to submerge the gold standard in a FLOOD OF IRREDEEMABLE paper currency.” - Henry Cabot Lodge, Sr. — *Congressional Record* June 10, 1932 (see *None Dare* pg. 50)

"The real menace of our republic is the invisible government which, like a giant octopus, sprawls its slimy length over our city, state and nation. At the head is a small group of [Jewish] banking houses generally referred to as “international bankers”. This little coterie of powerful international bankers virtually run our government for their own selfish ends." - Mayor John F. Hylan, of New York City — March 26, 1922 (*Shadows of Power Pg. 3*)

"The real truth of the matter is, as you and I know, that a [Jewish] financial element in the large centers has OWNED THE GOVERNMENT ever since the days of Andrew Jackson." - Pres. Franklin D. Roosevelt, Nov. 21, 1933 (*Shadows of Power, pg 4*)

“It (the Depression) WAS NOT ACCIDENTAL! It was a carefully contrived occurrence. The international bankers sought to bring about a condition of despair here so that they might emerge as the rulers of us all.” - Congressman Louis McFadden, Chairman of the House Banking and Currency Committee (see *None Dare* pg. 55)

"The colonies would gladly have borne the little tax on tea and other matters had it not been that England took away from the Colonies their money, which created unemployment and dissatisfaction. The refusal of King George III to allow the colonies to operate an honest colonial money system, which freed the ordinary man from the CLUTCHES OF THE MONEY MANIPULATORS, was probably the prime cause of the revolution." - Benjamin Franklin, quoted in K.S. Kennan's *The Federal Reserve* pg. 212 (*Unseen Hand* pg. 129)

"ALL THE PERPLEXITIES, CONFUSION, AND DISTRESS IN AMERICA arise, not from defects in the Constitution or confederation, not from want of honor or virtue, so much as from DOWNRIGHT IGNORANCE of the nature of coin, credit, and circulation." — President John Adams:

"Under the Federal Reserve Act, panics are scientifically created ones, worked out as we figure a mathematical problem." - Hon. Charles A. Lindbergh, Sr., written of the Panic of 1920

"I had never thought the Federal Bank System would prove such a failure. The country is in a state of irretrievable bankruptcy." — Sen. Carter Glass, June 7, 1938

"The Federal Reserve Banking is nothing but a banking fraud and an unlawful crime against Civilization. Why? Because they “create” the money made out of nothing, and our Uncle Sap Government issues their “Federal Reserve Notes” and stamps our Government approval with NO obligation whatever from these Federal Reserve Banks, Individual Banks or National Banks, etc."- H.L. Birum, Sr. — *American Mercury*, August 1957, pg. 43

"I am afraid that the ordinary citizen will not like to be told that the banks can and do “CREATE” money, and they who control the credit of a nation direct the policy of the government and hold in the hollow of their hands, the destiny of the people." - Reginald McKenna, Chancellor of England’s Exchequer, January 1924

"You will recall that the first act of the Marxists, who were surreptitiously infiltrated into key positions in our government in 1933, was to depreciate the dollar and deny to the American people the right of redemption because these conspirators had learned from Karl Marx that the surest way to overturn the social order was to debauch the currency. To accomplish this they installed the Laske—Keynes—Marxist monetary system of a so-called ‘managed currency.’” - Hon. John T. Wood - *American Mercury*, May 1957, pg. 145

"The few who can understand the system (check money and credits) will either be so interested in its profits, or so dependent on its favors, that there will be no opposition from that class, while on the other hand, the great body of the people mentally incapable of comprehending the tremendous advantage that capital derives from the system, will bear its burdens without complaint, and perhaps without even suspecting that the system is inimical to their interests." - Rothschild Bros. of London

"The present Federal Reserve System is a flagrant case of the Government’s conferring a special privilege upon bankers. The Government hands to the banks its credit, at virtually no cost to the banks, to be loaned out by the bankers for their own private profit. Still worse, however, is the fact that it gives the bankers practically complete control of the amount of money that shall be in circulation. Not one dollar of these Federal Reserve notes gets into circulation and without someone paying interest of someone paying interest to some bank to keep it circulation. Our present money system is a debt of money system. Before a dollar can circulate, a debt must be created. Such a system assumes that you can borrow yourself out of debt." - Willis A. Overholser, LL.B - in *History of Money in the United States*.

"Usury is also strongly condemned in many other parts of the Bible. It is difficult to understand how we can class ourselves as a Christian and Godly civilization when we pursue as a nation a course such as this. Our banker money system is A GREAT USURY CONSPIRACY. It makes usury an inherent part of our money system. It is economically unsound, and is a wicked, vicious, and defenseless method of exploitation. It is contrary to the laws of reason, to the laws of nature and of God. Such a violation of the laws of nature and of God could only have resulted in bringing the great curses upon our civilization known as “depressions.” The Communists want us to be drowned in an ocean of worthless currency. The privately owned Federal Reserve System (created by Paul Moritz Warburg, agent for the [Jewish] Rothschilds), stands ready to

create that ocean." Major George Racey Jordan

"From the hearings before the Subcommittee on Economic Stabilization of the Joint Economic Committee, 1956; the testimony of Mr. William McChesney Martin, Chairman of the Federal Reserve Board of Governors:

Congressman Wright Patman (Chairman): "The statement that the member banks own the Federal Reserve System is not a correct statement, is it?"

Mr. Martin: "The banks DO NOT OWN the Federal Reserve System."

"Reporter Sander Vanocur asked this question in the Presidential debate on October 11 1992 in St. Louis: "When a President gets into office and wants to do something about the economy, he finds, in Washington, there's a person who has MUCH MORE POWER OVER THE ECONOMY THAT HE DOES—the Chairman of the Federal Reserve Board, accountable to NO ONE? President Bill Clinton answered: "Frankly, I don't think that's the problem today... I don't have to worry, I don't think about the Federal Reserve. Their policies, it seems to me, are pretty sound." "I charge them (THE FEDERAL RESERVE BOARD) jointly and severally with having brought about a repudiation of the national currency of the United States in order that the gold value of said currency might be GIVEN TO PRIVATE INTERESTS.

I charge them with having arbitrarily and UNLAWFULLY taken over 80 Billion dollars from the United States in the year 1928....

I charge them with having arbitrarily and UNLAWFULLY raised and lowered the rates on money. . . increased and diminished the volume of currency in circulation FOR THE BENEFIT OF PRIVATE INTERESTS....

I charge them. . .with having brought about the decline in prices on the New York Stock exchange... (the great crash of 1929 and the 1930's)

I charge them. . . with having CONSPIRED to concentrate United States Government securities.. .and thus.. .having CONSPIRED TO TRANSFER TO FOREIGNERS AND INTERNATIONAL MONEY LENDERS TITLE TO AND CONTROL OF THE FINANCIAL RESOURCES OF THE UNITED STATES...

I charge them.. .with the CRIME of having TREASONABLY CONSPIRED and acted against the peace and security of the United States, and with having TREASONABLY CONSPIRED TO DESTROY THE CONSTITUTIONAL GOVERNMENT OF THE UNITED STATES!" - Congressman Louis T. McFadden, Chairman of the United States Congress Banking and Currency Committee, brought impeachment charges against the members of the Federal Reserve Board and the heads of the twelve member banks on May 23, 1933. *Congressional Record*, Bound Volume, pp. 4055—4058 (See *Emerg. Struggle*, pg. 162)

"From the testimony of Marriner Eccles, Chairman of the Federal Reserve Board, before the House Banking and Currency Committee, Sept. 30, 1941;

Congressman Patman: "Mr. Eccles, how did you get the money to buy those two billions of government securities?"

Eccles: "We created it."

Patman: "Out of what?"

Eccles: "Out of the right to issue credit money."

"If that mischievous financial policy, which had its origin in the North American Republic (U.S.), should become indurated down to a fixture, then that Government WILL furnish its own money without cost. It WILL pay off its debts and be without debt. It WILL have all the money necessary to carry on its commerce. It WILL become prosperous beyond precedent in the history of the civilized governments of the world. The brains and the wealth of all countries WILL go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THE GLOBE." — The London Times, quoted in *Money Creators* — Gertrude Margaret Coogan, pg. 217

"And again in April, 1958 Mr. M.S. Szyinczak, member of the Federal Reserve system in hearings before the House Small Business Committee delving into problems as to why small businesses were having trouble getting financing:

Congressman Patman (Chairman): "Do you agree with Mr. Martin that the member banks DO NOT OWN the Federal Reserve Banks, and have no claim to their assets or income other than the interest payments on the so-called stock which the member banks are required to subscribe to the Federal Reserve banks?"

Mr. Szyinczak: "That is CORRECT."

"Anyone who claims that he is fighting the Money Monopoly while refusing to advocate the distribution of money power from that Monopoly to the people is, because he misleads others, a dangerous fool, if he is not a rogue; and the more powers of persuasion he has, the more dangerous is he. It is the Money Power which is the real enemy of the British Empire and people." — *CANDOUR Magazine*, London

"In the United States today we have in effect two governments. We have the duly constituted Government. Then we have an independent, uncontrolled and uncoordinated government in the Federal Reserve System, operating the money powers which are reserved to Congress by the Constitution." — Congressman Wright Patman, Chairman of the House Banking Committee

"Today the path to total dictatorship in the United States can be laid by strictly legal means, unseen and unheard by the Congress, the President, or the people.. Outwardly we have a Constitutional government. We have operating within our government and political system, another [Jewish elite] body representing another form of government, a bureaucratic elite which believes our Constitution IS OUTMODED! ALL THE STRANGE DEVELOPMENTS in foreign policy agreements may be traced to this group who are going to make us over to suit their pleasure... This political action group (PAC) has its own local political support organizations, its own pressure groups, its own vested interests, its Foothold within our GOVERNMENT, and its own propaganda apparatus." (Not to mention its own Gestapo, its own army, its own followers, its own God—Satan, its trillions of dollars with which to buy everyone, its ownership of most elected officials and appointed bureaucrats, its secret oaths and plans, and its desire to own the world and everyone in it! -Ed. Note) — Senator William Jenner — Feb. 23, 1954 (*Shadows of Power* pg. 4)

"There's a saying that the Bank takes tax money from poor people in rich nations to give to rich people in poor nations. To make matters worse, many of the social reforms that the Bank (WORLD BANK) is funding involve fostering the spread of socialism and communism!" — Shirley Scheibla, *Barrons* Sept. 25, 1978 pg. 9 (*Shadows* pg. 74)

"It is no secret that the international bankers profiteer from sovereign state debt. The New York banks have found important profit centres in the lending to countries plunged into debt by Socialist regimes. Under Socialist regimes, countries go deeper and deeper into debt because socialism as an economic system does not work. International bankers are sophisticated enough to understand this phenomenon, and are sophisticated enough to profit from it.

Because the public debt is sovereign debt, the bankers have calculated that they will always be able to collect. If there is too much risk in the private debt side, it is a simple matter to get Socialist governments to nationalize banks, industrial enterprises, and agricultural holdings. In this way, private debt is converted to sovereign state debt which the bankers have believed will always be collectable.

The New York banks find the profit from the interest on the sovereign debt to be critical to their balance sheets. Up until very recently, this has been an essentially risk-less game for the banks because the IMF and World Bank have stood ready to bail the banks out with taxpayer's money." — Sen. Jesse Helms — *Congressional Record* Dec. 15, 1987 Vol.133, pg. S18148 (*Shadows* pg. 74)

"Stock dealers and banking companies, by the aid of a paper system, are enriching themselves TO THE RUIN OF OUR COUNTRY and swaying the government by their possession of the printing presses, which their wealth commands, and by other means not always honorable to the character of our countrymen." - Thomas Jefferson, *Ford 7:170* (1797)

"While boasting of our noble deeds, we are careful to conceal the ugly fact that by an iniquitous money system we have nationalized a system of oppression which, though more refined, is not less cruel than the old system of chattel slavery." - Horace Greeley

"It is apparent from the whole context of the Constitution as well as the history of the time which gave birth to it, that it was the PURPOSE OF THE CONVENTION TO ESTABLISH A CURRENCY CONSISTING OF THE PRECIOUS METALS. These were adopted by a PERMANENT RULE excluding the use of a perishable medium of exchange... or the still MORE PERNICIOUS EXPEDIENT OF PAPER CURRENCY." — Pres. Andrew Jackson, 1836; *8th Annual Message to Congress*

"Paper [currency] is liable to be abused, has been, is, and forever will be abused, in every country in which it is permitted!" — Thomas Jefferson

"In America, in the years just prior to the adoption of the constitution, the Continental Congress issued bills of credit, which were nothing more than fiat money, or, paper currency. The inflated paper currency imposed a cruel tax on the citizens, just as it has in ALL other countries, and they lost their fortunes. "Not worth a Continental" describes perfectly the dollar which, in 1779, was worth only a penny. A further reason for the Founders' action (of Article 1 Sec. 10) was their desire to restrain the state governments from flooding the country with un-backed paper money. Some states were already issuing bills of credit (paper money), like Rhode Island, even forced its circulation by attempting to punish citizens for refusal to use it.. Josiah Quincy wrote to George Washington, "there never was a paper pound, a paper dollar, or a paper promise of any kind that ever yet obtained (became) a general currency but by FORCE OR FRAUD, generally by both."

Inflation, deflation, depression --- all had brought misery to the new nation, prompting Washington to write: "Who could have foreseen, or predicted the disorders which have arisen in these states!" (1787 letter to Gen. Knox) It is at that point that the Constitutional Convention was convened in Philadelphia. Those who had experienced such trauma were determined to do something to restrain their government from issuing paper money and forcing it into circulation.

Thus it was that on Aug. 16, 1787, they approved Section 8 of the Constitution barring Congress from the right to print paper money, and on August 18, they framed Section 10 prohibiting the "friends of paper money" from using the states to print paper money.

Soon after the adoption of these two Articles, the tide turned and the nation began to prosper! Its economic ills began to disappear. Its leaders rejoiced! In 1790, George Washington said that

revenues “were considerably more productive than it was imagined they would be, and the spirit of enterprise everywhere prevails.” He exclaimed, “our public credit stands on that high ground which three years ago it would have been considered madness to have foretold, . . . the United States enjoys a sense of prosperity and tranquility under the new government that could hardly have been hoped for.”

The Founders had lifted the nation from economic depression to prosperity and progress (in a couple of years). They did it by a Constitutional mandate for a sound currency—on which the government could not manipulate, one that had intrinsic value for the citizens holding it. The Constitution protected the individual’s right to own precious metals and to use them as a medium of exchange. And the results were amazing!" - *The Ageless Constitution*, David Stedman pg. 37.

“Since the Federal Constitution has REMOVED ALL DANGER OF OUR HAVING A PAPER TENDER, our trade is advanced fifty percent. Our people can trust their cash.. .and have brought their coin into circulation.” - *The Pennsylvania Gazette*, Dec. 16, 1789

"This institution (National Bank) is one of the most deadly hostilities existing, against the principles and form of our Constitution.. . suppose a series of untoward events should occur, sufficient to bring into doubt the competency of a republican government to meet a crisis of great danger, or to unhinge the confidence of the people in the public functionaries; and institution like this, penetrating by its branches every part of the Union, acting by command and in phalanx (in unison), may, in a critical moment, upset the government... I deem no government safe which is under the vassalage of any self-constituted authorities, or any other authority than that of the nation. . . .What an obstruction could not this Bank of the United States, with all its branch banks, be in time of war? It might dictate to us the peace we should accept.. .Now, while we are strong, it is the greatest debt we owe to the safety of our Constitution, to being its powerful enemy to a perfect subordination under its authorities." - Thomas Jefferson 1803

"The youth who can solve THE MONEY QUESTION will do more for the world than all the professional soldiers of history." - Henry Ford, Sr.

“Every word of the Constitution decides a question between power and liberty.” (Worthless paper creates money power and tyranny, and Constitutional currency of gold and silver creates liberty and prosperity — Ed. Note) - James Madison

“We are overdone with banking institutions, which have banished the precious metals, and substituted a more fluctuating and unsafe medium, that these have withdrawn capital from useful improvements and employments to nourish idleness.. .are evils more easily to be deplored than remedied." - Thomas Jefferson 1810

"Everything predicted by the enemies of the banks. .is now coming to pass. We are to be ruined now by the deluge of bank paper, as we were formerly by the old Continental paper. It is cruel that such revolutions in private fortunes should be at the mercy of avaricious adventurers, who instead of employing their capital in manufactures, commerce, and other useful pursuits, make it an instrument to burden all the interchanges of property with their swindling profits, profits which are the price of no useful industry of theirs --- I AM AN ENEMY TO ALL BANKS DISCOUNTING BILLS OR NOTES FOR ANYTHING BUT COIN. But our whole country is so fascinated by this Jack—Lantern wealth, that they will not stop short of its total and fatal explosion." - Thomas Jefferson 1814

"We have been truly sowing the wind, and are now reaping the whirlwind. If the present crisis should end in the annihilation of these interlopers (the bankers) only, and reduce our commerce to the measure of our own wants and surplus products, it will be a benefit in the end. but how to effect this, and give time to real capital, and the holders of real property, to back out of their entanglements requires more knowledge of political economy than we possess --- THE EYES

OF OUR CITIZENS ARE NOT SUFFICIENTLY OPEN TO THE TRUE CAUSE OF OUR DISTRESS. THEY ASCRIBE THEM TO EVERYTHING BUT THEIR TRUE CAUSE, THE BANKING SYSTEM!" - Thomas Jefferson 1819

which gave birth to it, that it was THE PURPOSE OF THE CONVENTION to establish a currency consisting of the precious metals. These were adopted by a PERMANENT RULE excluding the use of a perishable medium of exchange. .or the still MORE PERNICIOUS EXPEDIENT OF PAPER Currency.” - Pres. Andrew Jackson — *8th Annual Message to Congress*

“We should avoid the depreciation of our currency; but I conceive this end would be answered, as far as might be necessary, by STIPULATING THAT ALL MONEY PAYMENTS SHOULD BE MADE IN GOLD AND SILVER, being the common medium of commerce.” - Pres. George Washington

“The influence of factious leaders may kindle a flame within their particular States, but will be unable to spread a general conflagration through the other States.. .A RAGE FOR PAPER MONEY, for an abolition of debts, for an equal division of property, OR FOR ANY OTHER IMPROPER OR WICKED PROJECT, will be less apt to pervade the whole body of the Union than a particular member of it; in the same proportion as such a malady is more likely to taint a particular county or district, than an entire State.” - James Madison - *1787 Federalist Papers* "No. 10."

“Whenever the paper has not been convertible into specie (gold and silver coin), and its quantity has depended on the policy of the government, a depreciation has been produced by an undue increase, or an apprehension of it.” - James Madison - 1820

“I wish it were possible to obtain a single amendment to our Constitution. I would be willing to depend on that alone for the reduction of the administration of our government to the genuine principles of its Constitution; I mean an additional article, TAKING FROM THE FEDERAL GOVERNMENT THE POWER OF BORROWING.” (especially borrowing from private banks like the Federal Reserve Bank — Ed. Note) - Thomas Jefferson - 1798

### Other

"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it." - Pres. Woodrow Wilson, in *The New Freedom (Shadows of Power* pg. 26 & *Americas Secret Establishment* pg. 117)

"All of the extravagance and incompetence of our present government is due, in the main, to lawyers.... They are responsible for nine-tenths of the useless and VICIOUS laws that clutter the statute books, and for all the evils that go with the vain attempt to enforce them. Every Federal judge is a lawyer. So are most Congressmen. Every invasion of the plain rights of the citizen has a lawyer behind it. If all lawyers were hanged tomorrow, we'd be free and safer, and our taxes would be reduced almost by half.” - H.L. Menckracken

“We operate here under directives which emulate from the White House. The substance of the directives under which we operate are that we shall use our grant making power to alter life in the United States so that we can comfortably be merged with the Soviet Union.” - Roland Gaither, Director of The Ford Foundation - statement made to Norman Dodd, Director of Special Congressional Investigation 1954:

"One night in the winter of 1934 Marshal Voroshilov (Soviet Chief of State) was seated on my right and Marshall Budenny on my left. They had drunk a bit of vodka and both were relaxed

and gay. "You know, Bullitt," said Voroshilov, "Budenny is the man who won the civil war without ever knowing what he was fighting about." "That's true, my motto is not proletarians of the world unite', but 'cavalrymen of the world unite.' I don't care why I fight so long as I have a good war." We laughed, and Voroshilov then said, 'I think the most extraordinary thing we ever did together was to capture Kiev without fighting."

"There were 11,000 Czarist officers with their wives and children in Kiev, and they had more troops than we had. We never could have captured the city with fighting, so we used propaganda and told them that they would be released and allowed to go to their homes with their families and treated as well as possible. They believed us and surrendered. Then we shot all the men and boys and put all the women and girls into brothels for our army. My army needed women, and I was concerned with my army's health and not with the health of those women; and it didn't make any difference anyhow, because they were all dead within 3 months." - Testimony of William C. Bullitt, US Ambassador to Soviet Union, 1933-36, *House Report 2189*, Committee on Un-American Activities

"Telling the truth is a bourgeois prejudice. Deception, on the other hand, is often justified by the goal. We advance through retreat. When we are weak, boast of strength; when we are strong, feign weakness." Vladimir Lenin 1921

"The Soviet Union and the U.S. must be merged!" - Cyrus Eaton — *Der Kampf um die Weltmacht*, pp. 56, 71, 90: "The Soviet Union (or CIS) has grain supplies in abundance; they have stored at least 362 million metric tons of grain (much of it obtained from the West) in underground nuclear blast/fallout shelters. University of North Carolina economist Steven Rosefielde asserts that these supplies could feed the entire population of the former USSR for 3 to 4 years. There are also other large grain stockpiles in 87 cities across the Soviet Union so that total grain reserves could be well in excess of five years. These reserves are presently under the control of the Russian military and the KGB. (ED. Note - The US, by way of contrast, has under 30 days of grain reserves. Consider: If the new revitalized Russia should ever attack America, its people would eat during the conflict which followed, comfortably in their blast shelters, which they have enough for almost their entire population, and the Americans would not eat and do not have blast shelters! This is called Russia's civil defense food supply which is under control of the Soviet military and has been purchased over the past two years with money our American bankers gave them, and which money we will never see again, and which is causing our banks to collapse. Are you beginning to see who has made certain that the Communist tyranny has succeeded for so many years? Also, Richard Strauss, Ambassador to Russia is on the Board of Directors and a major stockholder of Archer Daniels Midland, which is the main grain cartel company that has profited immensely by supplying grain to our government and paid for with our tax dollars to give to Russia for their military food supplies to defeat us with! Can you see the blatant treason committed in these type of transactions in aiding and abetting the enemy?)" - Richard F. Starr, former US Ambassador to the "Mutual and Balanced Force Reduction" negotiations in Vienna - *The Wall Street Journal* - Jan. 21, 1992 entitled "Russia Has Lots of Grain — Just Ask the Army" - reported in MIA Mar 92

Armand Hammer should be remembered "for sedulously helping to spread the communist malignancy throughout the Soviet republics and into Eastern Europe --- wherever his ingratiating presence was useful in smoothing the way, there he was to be found, parroting their lies, collaborating with the keepers of the gulags and , always lining his own pockets... He sought to be on intimate terms with one of the bloodiest, most treacherous dictatorships of the 20th century... He knew Lenin and admired him. He found Leonid Brezhnev 'a man of great HUMANISM and vast warmth.' When hundreds of thousands of Russians were being gunned down within earshot for resisting the Marxist nuttiness, his impulse was to keep mum and get for himself the exclusive right to export Soviet asbestos." - "Eulogy on Armand Hammer" Dec. 1990; in *Arizona Republic (Betrayal of America* pg.20)

"Brent Scowcroft, (CFR) secretly went to Beijing to confer with the killers of Chinese students. And this month, he and Deputy Secretary of State Lawrence Eagleberger (CFR) went back.. publicly toasting China's regime. Our hopes in the U.S. Constitution and Bill of Rights --- Why has the BUSH Administration left us in the cold?... I hope the American people and Congress will not tolerate a foreign policy dipped in the blood of Chinese students." - Chinese Student Leader Li Lu - *New York Times* Dec.24, 89 (*Betrayal of America* pg. 40)

"We are moving toward a new world (order?), the world of communism. WE SHALL NEVER TURN OFF THAT ROAD." I am a Communist. I shall remain a convinced one --- for me it is a goal." - Mikhail Gorbachev

"Polish Army Intelligence Colonel Michael Goloniewski, submitted names of Soviet spies when he defected to the West, among whose name was US Army Counterintelligence interrogator, Sergeant Henry Kissinger, but Kissinger was never charged. Goloniewski said "Secretary of State Henry Kissinger has been a Soviet agent and his involvement with Soviet Intelligence was made known to agencies of our government even before his rise to prominence." - Frank Capell, "The Kissinger Caper" *Review of the News* Mar 20, 1974 pg. 31 (*Unseen Hand* pg. 105)

"Today it is estimated even by Jacob Schiff's grandson, John Schiff, a prominent member of New York Society, that the old man sank about \$20 Million for the final triumph of Bolshevism in Russia. other New York banking firms also contributed. (Ed. Note — Bolshevism was a front for Lenin's Communism which has murdered over 120 million people this century, enslaved one half of this world in its tyrannical Satanic chains, and is still the preferred plan of Satan, financed and kept alive by the international bankers, to destroy all of God's children and God's plan for the eternal life of His children- Ed.) The main purveyors of funds for the revolution, were neither the Russian millionaires nor the armed bandits of Lenin. The real money primarily came from certain British and American Circles which for a long time past had lent their support to the Russian revolutionary cause.

Mr. Bakhmetiev, the late Russian Imperial Ambassador to the United States, tells us that the Bolsheviks, after victory, transferred 600 million roubles in gold between the years 1918 and 1922 to Kuhn, Loeb & Co. (Schiff's firm in NYC) - White Russian General Arsene de Goulevitch - in *Czarism and the Revolution*, & Feb. 3,1949 issue of *The New York Journal-American* (see *Shadows of Power* pg. 39 & *None Dare* pg. 69-71)

"Because of WHAT APPEARS to be a lawful command on the surface, many citizens, because of their respect for WHAT ONLY APPEARS TO BE LAW, are cunningly coerced into waiving their rights, due to ignorance." - U.S. Supreme Court (U.S. vs. Minker, 350 U.S. 179 at 187)

"Those people who are not governed by God will be ruled by tyrants!" - William Penn:

"Government is not reason; it is not eloquence; it is force! Like fire, it is a dangerous servant and a fearful master." - George Washington

"If you love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or your arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that ye were our countrymen." - Samuel Adams

"The most effectual means of preventing the perversion of power into tyranny are to illuminate, as far as practicable, the minds of the people at large, and more especially to give them knowledge of those facts which history exhibits." - Thomas Jefferson, 1779

"There is nothing more terrifying than ignorance in action." - Johann von Goethe — engraved on a plaque at Naval War College.

“Historians of the future will marvel most of all at the non—resistance of those who had the most to lose.” - General George Van Home Moseley:

"The Fabian Socialists are as busy as bees rolling out the red carpet which leads inevitably to communism. Faced with this situation our first duty is that of education. Starting with ourselves we must become familiar with the broad outlines of the movement toward destruction. We must, as Pres. McKay has urged, become alerted and informed. After becoming informed ourselves, we must carry the word to all within hearing or seeing range, so that they, too, can become awakened. TAKE EVERY OPPORTUNITY to pass sound literature and books around so that your neighbors will awaken before it is too late. We are literally in a race against time, and we must take every opportunity to SPREAD THE WORD. It is not enough to be acquainted with the grave dangers facing these United States. We must also instruct ourselves, and others, in the great spiritual values underlying our divinely inspired Constitution and our American free-enterprise system." - Pres. Ezra Taft Benson - *A Race Against Time* Dec. 10, 1963 BYU

The man in the street does not notice the devil even when the devil is holding him by the throat!" - Johann von Goethe

“To sin by silence when they should protest makes cowards of men.” - Abraham Lincoln

Silence in the face of this calamity is SIN!" - Pres. Ezra Taft Benson 1980 BYU

“It is error alone which needs the support of government. Truth can stand by itself.” - Pres. Thomas Jefferson

"All truth passes through three stages. First, it is ridiculed. Second, it is violently opposed. Third, it is accepted." - Schopenhauer:

"Where's the manly spirit of the true-hearted and the unshackled gone? Sons of old freemen, do we just inherit their names alone? Is the old pilgrim spirit quenched within us? Does the proud manhood of our souls stoop so low That mammon's lure and party's wile can win us to silence now? Now, when our nation to ruin's brink is verging; In God's name, let us speak while there is time, Now, when the padlock for our lips is forging, SILENCE IS A CRIME!" - John Greenleaf Whittier.

### **Executive Orders**

On February 16 and February 27, 1962 President Kennedy signed Documents Giving the President of the United states complete control over our lives. This control is to be exercised through unelected officials in the Office of Emergency Planning. These officials cannot be voted out of power; you have no recourse no matter how detrimental their actions may be to you; you must submit. These controls can be imposed “in any time of increased international tension or economic or financial crisis.”

1. Executive Order 10995 takes over all communications,
2. Executive Order 10997 takes over all electric power, petroleum, gas, fuel and minerals.
3. Executive Order 10998 takes over all food resources and farms.
4. Executive Order 10999 takes over all means of transportation, controls highways and seaports.
5. Executive Order 11000 drafts all citizens into work forces under governmental supervision.
6. Executive Order 11001 takes over all health, welfare and educational functions.
7. Executive Order 11002 empowers the Postmaster General to register all citizens nationwide.

8. Executive Order 11003 takes over all airports and aircraft.
9. Executive Order 11004 takes over housing and finance authorities, designates areas to be abandoned as “unsafe”, establishes new locations for populations, relocates communities, builds new housing with public funds.
10. Executive Order 11005 takes over all railroads, inland waterways, and public storage facilities.
11. Executive Order 11051 designates responsibilities of the Office of Emergency Planning, gives authorization to put the above orders into effect in times of increased international tension or economic or financial crises.

Under President Nixon these orders were combined into Executive Order 11490. President Carter added a few minor amendments on July 20, 1979. Now all of them can be imposed upon us in one moment, anytime there is, in the President’s opinion “international tension, internal unrest or financial crisis”. What will you do?

To give the President these types of dictatorial powers that can be enforced in an instant in these types of situations is like a loaded gun at the heads of We the People. If the trigger is not going to be pulled then why hasn’t his gun been unloaded and the weapon removed? The Los Angeles Crisis is an example of how the President could declare a National Emergency to take away the freedom of you and I!
